Update to the 2022
Central California Alliance for Health Medi-Cal Health Plan
Member Handbook/Evidence of Coverage

This is a notice about some changes to your Medi-Cal Health Plan Handbook/Evidence of Coverage. Please keep this information for your reference.

What Has Changed?
Starting July 1, 2022, Central California Alliance for Health (the Alliance) will cover cognitive health assessments for members who qualify. The purpose of this notice is to show revisions in the Member Handbook regarding this change. The information in this notice either replaces or adds to the current information in your Member Handbook. If you have any questions about this change, please call Member Services at 800-700-3874 (TTY: 800-735-2929 or 711). We are open 8 AM – 5:30 PM, Monday through Friday.

3. How to get care

Sensitive care

Minor consent services
You may only get the following services without your parent or guardian’s permission if you are 12 years old or older:

- Outpatient mental health care for (minors age 12 or older):
  - Sexual assault (no lower age limit)
  - Incest
  - Physical assault
  - Child abuse
  - When you have thoughts of hurting yourself or others (minors age 12 or older)
- HIV/AIDS prevention/testing/treatment
- Sexually transmitted infections prevention/testing/treatment
- Substance use disorder treatment services (minors age 12 or older). For more information see “Substance use disorder treatment services” in this handbook.

If you are under 18 years old, you can go to a doctor without permission from your parents or guardian for these types of care:

- Pregnancy
- Family planning/birth control
- Abortion services

For pregnancy testing, family planning services, birth control, or sexually transmitted infection services, the doctor or clinic does not have to be part of the Alliance network. You can choose any Medi-Cal provider and go to them for these services without a referral or pre-approval (prior authorization). Services from an out-of-network provider not related to sensitive care may not be covered. For help finding a doctor or clinic giving these services, or for help getting to these services (including transportation), you can call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Minors can talk to a representative in private about their health concerns by calling the 24/7 Alliance Nurse Advice Line at 844-971-8907 (toll free).
4. Benefits and services

What your health plan covers

This chapter explains your covered services as a member of the Alliance. Your covered services are free as long as they are medically necessary and provided by an in-network provider. You must ask us for pre-approval (prior authorization) if the care is out-of-network except for sensitive services, emergencies and some urgent care services. Your health plan may cover medically necessary services from an out-of-network provider. But you must ask the Alliance for pre-approval (prior authorization) for this. Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduces severe pain from a diagnosed disease, illness or injury. For Members under the age of 21, Medi-Cal services include care that is medically necessary to fix or help relieve a physical or mental illness or condition. For more details on your covered services, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Members under 21 years old get extra benefits and services. Read Chapter 5: Child and youth well care for more information.

Some of the basic health benefits the Alliance offers are listed below. Benefits with a star ( * ) may need pre-approval.
- Acupuncture*
- Acute (short-term treatment) home health therapies and services

Medi-Cal benefits covered by the Alliance

Outpatient (ambulatory) services

**Cognitive health assessments**

The Alliance covers an annual brief cognitive health assessment for members who are 65 years of age or older, and are otherwise not eligible for a similar assessment as part of an annual wellness visit under the Medicare Program. A cognitive health assessment looks for signs of Alzheimer's disease or dementia.
