2. About your health plan

Health plan overview

The Alliance is a health plan for people who have Medi-Cal in these counties: Santa Cruz, Monterey and Merced. The Alliance works with the State of California to help you get the health care you need.

You may talk with one of the Alliance member services representatives to learn more about the health plan and how to make it work for you. Call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

When your coverage starts and ends

When you enroll in the Alliance, we will send you an ID card within two weeks of your enrollment date. You must show your Alliance ID card and your Medi-Cal Benefits Identification Card (BIC) when you get any health care services or prescriptions.

Your Medi-Cal coverage will need to be renewed every year. If your local county office cannot renew your Medi-Cal coverage using electronic sources, the county will send you a Medi-Cal renewal form. Complete this form and return it to your local county human services agency. You can return your information online, in person, or by phone or other electronic means if available in your county.

The Alliance is the health plan for Medi-Cal members in Santa Cruz, Monterey and Merced counties. Find your local office at <http://www.dhcs.ca.gov/services/medi-cal/Pages/CountyOffices.aspx>.

The Alliance eligibility may end if any of the following is true:

- You move out of Santa Cruz, Monterey or Merced counties
- You no longer have Medi-Cal
- You are in jail or prison

county of residence. If you move to a new county in California to attend higher education, including college, the Alliance will cover emergency room and urgent care services in your new county. You can also receive routine or preventive care in your new county but must notify your managed care plan. See below for further details.

If you are enrolled in Medi-Cal and are a student in a county that is different from your residence in California, you do not need to apply for Medi-Cal in that county.

If you temporarily move away from home to be a student in another county in California there are two options available to you. You may:

- Notify your local county Medi-Cal office that you are temporarily moving to attend an institution of higher education and provide your address in the new county. The county will update the case records with your new address and county code in the State’s database. Use this choice if you want to get routine or preventive care in your new county. You may have to change health plans if the Alliance does not operate in the county where you will attend college. For questions and to prevent any delay in enrolling in the new health plan, call Health Care Options at 1-800-430-4263 (TTY 1-800-430-7077 or 711).

OR

- Choose not to change your health plan when you temporarily move to attend college in a different county. You will only be able to access emergency room and urgent care services in the new county for some conditions. To learn more, go to Chapter 3, “How to get care.” For routine or preventive health care, you would need to use the Alliance regular network of providers located in the head of the household’s county of residence.

If you are leaving California temporarily to be a student in another state and you want to keep your Medi-Cal coverage, contact your eligibility worker at:

As long as you are eligible, Medi-Cal will cover emergency services and urgent care in another state. Medi-Cal will also cover emergency care that requires hospitalization in Canada and Mexico if the service is approved and the doctor and hospital meet Medi-Cal rules. Routine and preventive care services, including prescription drugs, are not covered outside of California. If you want Medicaid in another state, you will need to

Continuity of care

Continuity of Care for a non-plan Provider

As a member of the Alliance, you will get your health care from providers in the Alliance's network. To find out whether the health care provider is in the MCP's network please see the Alliance Provider Directory online at <https://thealliance.health/for-members/get-started/find-a-doctor/>. Or you can request a Provider Directory to be mailed to you by calling Member Services at 800-700-3874 (TTY 800-735-2929 or 711). If the provider is not listed they may not be in the Alliance's network.

In some cases, you may be able to go to providers who are not in the Alliance network if you have moved from another plan or fee-for-service (FFS) or a provider that was in network is now out-of-network. This is called continuity of care.

Call the Alliance and tell us if you need to visit a provider that is out-of-network. We will tell you if you have the right to continuity of care. You may be able to use continuity of care, for up to 12 months, or more in some cases, if all of the following are true:

- You have an ongoing relationship with the non-plan provider, prior to enrollment in the Alliance
- You were seen by the non-plan provider at least once during the twelve (12) months prior to your enrollment with the Alliance for a non-emergency visit
- The non-plan provider is willing to work with the Alliance and agrees to the Alliance's contractual requirements and payment for services
- The non-plan provider meets the Alliance's professional standards

Call member services at 800-700-3874 (TTY 800-735-2929 or 711) for more information.

If your providers do not join the Alliance network by the end of 12 months, do not agree to the Alliance's payment rates or do not meet quality of care requirements, you will need to switch to providers in the Alliance network. Call member services at 800-700-

Continuity of Care for services

As a member of the Alliance, you will get your Medi-Cal services from providers in the Alliance's network. In some cases, you may be able to get continued access to Medi-Cal services if you are being treated for certain health conditions and the non-plan provider is not willing to continue to provide services or does not agree to the Alliance's contractual requirements, payment, or other terms for providing care, then you will not be able to receive continued care from the provider. However, you may be able to keep getting services from a different provider in the Alliance's network.

Services the Alliance provides for continuity of care include but are not limited to:

- Acute conditions (a medical issue that needs fast attention) – for as long as the condition lasts.
- Chronic physical and behavioral conditions (a health care issue you have for a long time) – for an amount of time required to finish the course of treatment and to arrange for a safe transfer to a new doctor in the Alliance network.
- Pregnancy – during the pregnancy and for up to 12 months after the end of pregnancy.
- Maternal mental health services for up to 12 months from the diagnosis or from the end of pregnancy, whichever is later.
- Care of a newborn child between birth and age 36 months for up to 12 months from the start date of the coverage or the date the provider's contract ends with the Alliance.
- Terminal illness (a life-threatening medical issue) – for as long as the illness lasts. Completion of covered services may exceed twelve (12) months from the time the provider stops working with the Alliance.
- Performance of a surgery or other medical procedure from a non-plan provider as long as it is covered, medically necessary and is authorized by the Alliance as part of a documented course of treatment and has been recommended and documented by the provider – surgery or other medical procedure to take place within 180 days of the provider's contract termination date or 180 days from the effective date of coverage of a new member.

For other conditions that may qualify, contact Member Services.

contracted provider to continue with your care or if you have any questions or problems in receiving covered services from a provider who is no longer part of the Alliance.

The Alliance is not required to provide continuity of care for services not covered by Medi-Cal, durable medical equipment, transportation, other ancillary services and carved-out service providers. To learn more about continuity of care and eligibility qualifications, and to hear about all available services, call Member Services.

Costs

Member costs

The Alliance serves people who qualify for Medi-Cal. In most cases, Alliance members do **not** have to pay for covered services, premiums or deductibles. Members enrolled in California Children’s Health Insurance Program (CCHIP) in Santa Clara, San Francisco and San Mateo counties and members in the Medi-Cal for Families Program may have a monthly premium and copayments. Except for emergency care, urgent care or sensitive care, you must get pre-approval from the Alliance before you visit a provider outside the Alliance network. If you do not get pre-approval and you go to a provider outside of the network for care that is not emergency care, urgent care or sensitive care, you may have to pay for care from providers who are out of the network. For a list of covered services, go to “Benefits and services.” You can also find the Provider Directory on the Alliance website at www.thealliance.health.

For members with long-term care and a share of cost

You may have to pay a share of cost each month for your long-term care services. The amount of your share of cost depends on your income and resources. Each month you will pay your own health care bills, including but not limited to Managed Long-Term Support Service (MLTSS) bills, until the amount that you have paid equals your share of cost. After that, your long-term care will be covered by the Alliance for that month. You will not be covered by the Alliance until you have paid your entire long-term care share of cost for the month.

How a provider gets paid

The Alliance pays providers in these ways:

Call member services at 800-700-3874 (TTY 800-735-2929).

- Capitation payments
 - The Alliance pays some providers a set amount of money every month for each Alliance member. This is called a capitation payment. The Alliance and providers work together to decide on the payment amount.
- FFS payments
 - Some providers give care to Alliance members and then send the Alliance a bill for the services they provided. This is called a FFS payment. The Alliance and providers work together to decide how much each service costs.
- Care Based Incentives
 - Alliance providers may also receive incentives for meeting or exceeding quality of care measures and providing increased access to members.

To learn more about how the Alliance pays providers, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

If you receive a bill from a health care provider

Covered services are health care services that the Alliance is responsible to pay for. If you get a bill for support services fees, copayments, or registration fees for a covered service, do not pay the bill. Call member services right away at 800-700-3874 (TTY 800-735-2929 or 711).

Asking the Alliance to pay you back for expenses

If you paid for services you already received, you may qualify to be reimbursed (paid back) if you meet **all** of the following conditions:

- The service you received is a covered service that the Alliance is responsible to pay for. The Alliance will not reimburse you for a service that is not covered by the Alliance.
- You received the covered service after you became an eligible Alliance member.
- You ask to be paid back within one year from the date you received the covered service.
- You provide proof that you paid for the covered service, such as a detailed receipt from the provider.
- You received the covered service from a Medi-Cal enrolled provider in the

Alliance's network. You do not need to meet this condition if you received emergency services, family planning services, or another service that Medi-Cal allows out-of-network providers to perform without pre-approval.

- If the covered service normally requires pre-approval, you provide proof from the provider that shows a medical need for the covered service.

The Alliance will tell you of its decision to reimburse you in a letter called a Notice of Action. If you meet all of the above conditions, the Medi-Cal-enrolled provider should pay you back for the full amount you paid. If the provider refuses to pay you back, the Alliance will pay you back for the full amount you paid. We must reimburse you within 45 working days of receipt of the claim. If the provider is enrolled in Medi-Cal, but is not in the Alliance network and refuses to pay you back, the Alliance will pay you back, but only up to the amount that FFS Medi-Cal would pay. The Alliance will pay you back for the full out-of-pocket amount for emergency services, family planning services, or another service that Medi-Cal allows to be provided by out-of-network providers without pre-approval. If you do not meet one of the above conditions, the Alliance will not pay you back.

The Alliance will not pay you back if:

- You asked for and received services that are not covered by Medi-Cal, such as cosmetic services.
- The service is not a covered service for the Alliance.
- You have an unmet Medi-Cal Share of Cost.
- You went to a doctor who does not take Medi-Cal and you signed a form that said you want to be seen anyway and you will pay for the services yourself.
- If you have Medicare Part D, copayments for prescriptions covered by your Medicare Part D plan.

Call Member Services at 800-700-3874 (TTY 800-735-2929 or 711) to ask for a claim form. You can also download a claim form on the Alliance website at www.thealliance.health. We will review your claim to decide if you can get money back.

3. How to get care

Getting health care services

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED

You can begin to get health care services on your effective date of enrollment. Always carry your Alliance ID card, Medi-Cal Benefits Identification Card (BIC), and any other health insurance cards you have with you. Never let anyone else use your BIC or Alliance ID card.

New members with Medi-Cal coverage only must choose a primary care provider (PCP) in the Alliance network. New members with Medi-Cal and comprehensive other health coverage do not have to choose a PCP. The Alliance network is a group of doctors, hospitals and other providers who work with the Alliance. You must choose a PCP within 30 days from the time you become a member in the Alliance. If you do not choose a PCP, the Alliance will choose one for you.

You may choose the same PCP or different PCPs for all family members in the Alliance, as long as the PCP is available.

If you have a doctor you want to keep, or you want to find a new PCP, you can look in the Provider Directory. It has a list of all PCPs in the Alliance network. The Provider Directory has other information to help you choose a PCP. If you need a Provider Directory, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). You can also find the Provider Directory on the Alliance website at www.thealliance.health.

If you cannot get the care you need from a participating provider in the Alliance network, your PCP must ask the Alliance for approval to send you to an out-of-network provider. This is called a referral. You do not need approval to go to an out-of-network provider to get sensitive services that are described under the heading “Sensitive care” later in this chapter.

Read the rest of this chapter to learn more about PCPs, the Provider Directory and the provider network.

Call member services at 800-700-3874 (TTY 800-735-2929).

Pharmacy benefits are now administered through the Fee-For-Service (FFS) Medi-Cal Rx program. To learn more, read the “Other Medi-Cal programs and services” section in Chapter 4.

Primary care provider (PCP)

You must choose a PCP within 30 days of enrolling in the Alliance. Depending on your age and sex, you may choose a general practitioner, OB/GYN, family practitioner, internist or pediatrician as your primary care provider (PCP). A nurse practitioner (NP), physician assistant (PA) or certified nurse midwife may also act as your PCP. If you choose an NP, PA or certified nurse midwife, you may be assigned a doctor to oversee your care. If you are in both Medicare and Medi-Cal, or if you have comprehensive other health care insurance, you do not have to choose a PCP.

You can choose an Indian Health Care Provider (IHCP), Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) as your PCP. Depending on the type of provider, you may be able to choose one PCP for your entire family who are members of the Alliance, as long as the PCP is available.

Note: American Indians may choose an IHCP as their PCP, even if the IHCP is not in the Alliance network.

If you do not choose a PCP within 30 days of enrollment, the Alliance will assign you to a PCP. If you are assigned to a PCP and want to change, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). The change happens the first day of the next month.

Your PCP will:

- Get to know your health history and needs
- Keep your health records including your vaccination records
- Give you the preventive and routine health care you need
- Refer (send) you to a specialist if you need one
- Arrange for hospital care if you need it

You can look in the Provider Directory to find a PCP in the Alliance network. The Provider Directory has a list of IHCPs, FQHCs and RHCs that work with the Alliance.

You can find the Alliance Provider Directory online at <https://thealliance.health/for-members/get-started/find-a-doctor/>. Or you can request a Provider Directory to be

mailed to you by calling Member Services at 800-700-3874 (TTY 800-735-2929 or 711). You can also call to find out if the PCP you want is taking new patients.

Choice of doctors and other providers

You know your health care needs best, so it is best if you choose your PCP.

It is best to stay with one PCP so they can get to know your health care needs. However, if you want to change to a new PCP, you can change anytime. You must choose a PCP who is in the Alliance provider network and is taking new patients.

Your new choice will become your PCP on the first day of the next month after you make the change.

To change your PCP, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

The Alliance may change your PCP if the PCP is not taking new patients, has left the Alliance network, does not give care to patients your age, or if there are quality concerns with the PCP that are pending resolution. The Alliance or your PCP may also ask you to change to a new PCP if you cannot get along with or agree with your PCP, or if you miss or are late to appointments. If the Alliance needs to change your PCP, we will tell you in writing.

If your PCP changes, you will get a letter and new Alliance member ID card in the mail. It will have the name of your new PCP. Call member services if you have questions about getting a new ID card.

Some things to think about when picking a PCP:

- Does the PCP take care of children?
- Does the PCP work at a clinic I like to use?
- Is the PCP's office close to my home, work or children's school?
- Is the PCP's office near where I live and is it easy to get to the PCP's office?
- Do the doctors and staff speak my language?
- Does the PCP work with a hospital that I like?
- Does the PCP provide the services that I may need?
- Do the PCP's office hours fit my schedule?

Call member services at 800-700-3874 (TTY 800-735-2929). Central California Alliance for Health is here 8 AM – 5:30 PM, Monday through Friday. The call is toll free. Or call the California Relay Line at 711. Visit online at www.thealliance.health.

Initial health assessment (IHA)

The Alliance recommends that, as a new member, you visit your new PCP within the first 120 days for an initial health assessment (IHA). The purpose of the IHA is to help your PCP learn your health care history and needs. Your PCP may ask you some questions about your health history or may ask you to complete a questionnaire. Your PCP will also tell you about health education counseling and classes that may help you.

When you call to schedule your IHA appointment, tell the person who answers the phone that you are a member of the Alliance. Give your Alliance ID number.

Take your BIC and Alliance ID card to your appointment. It is a good idea to take a list of your medications and questions with you to your visit. Be ready to talk with your PCP about your health care needs and concerns.

Be sure to call your PCP's office if you are going to be late or cannot go to your appointment.

If you have questions about IHA, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Routine care

Routine care is regular health care. It includes preventive care, also called wellness or well care. It helps you stay healthy and helps keep you from getting sick. Preventive care includes regular checkups and health education and counseling. Children are able to receive much needed early preventive services like hearing and vision screenings, assessments of developmental process and many more services that are recommended by pediatricians' Bright Futures guidelines (https://downloads.aap.org/AAP/PDF/periodicity_schedule.pdf). In addition to preventive care, routine care also includes care when you are sick. The Alliance covers routine care from your PCP.

Your PCP will:

- Give you most of your routine care, including regular checkups, shots, treatment, prescriptions and medical advice
- Keep your health records
- Refer (send) you to specialists if needed
- Order X-rays, mammograms or lab work if you need them

When you need routine care, you will call your doctor for an appointment. Be sure to call your PCP before you get medical care, unless it is an emergency. For an emergency,

call **911** or go to the nearest emergency room.

To learn more about health care and services your plan covers, and what it does not cover, read “Benefits and services” and “Child and youth well care” in this handbook.

All Alliance providers can use aids and services to communicate with people with disabilities. They can also communicate with you in another language or format. Tell your provider or the Alliance what you need.

Provider network

The provider network is the group of doctors, hospitals and other providers that work with the Alliance. You will get most of your covered services through the Alliance network.

Note: American Indians may choose an IHCP as their PCP, even if the IHCP is not in the Alliance network.

If your PCP, hospital or other provider has a moral objection to providing you with a covered service, such as family planning or abortion, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). For more about moral objections, read the “Moral objection” section later in this chapter.

If your provider has a moral objection, they can help you find another provider who will give you the services you need. The Alliance can also help you find a provider who will perform the service.

In-network providers

You will use providers in the Alliance network for most of your health care needs. You will get preventive and routine care from in-network providers. You will also use specialists, hospitals and other providers in the Alliance network.

To get a Provider Directory of in-network providers, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). You can also find the Provider Directory online at <https://thealliance.health/for-members/get-started/find-a-doctor/>. To get a copy of the Contract Drug List, call Medi-Cal Rx at 800-977-2273 (TTY 800-977-2273 and press 5 or 711). Or visit the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

You must get pre-approval (prior authorization) from the Alliance before you visit a provider outside the Alliance network, including inside the Alliance service area, except in the following situations:

- You need emergency services, in which case dial 911 or go to the nearest hospital
- You are outside the Alliance service area and need urgent care, in which case you can go to any urgent care facility
- You need family planning services, in which case you can go to any Medi-Cal provider without pre-approval
- You need mental health services, in which case you can go to either an in-network provider or a county mental health plan provider without pre-approval

If you are not in one of these situations, and you do not get pre-approval and get care from a provider outside of the network, you may have to pay for the care from providers who are out-of-network.

Out-of-network providers who are inside the service area

Out-of-network providers are those that do not have an agreement to work with the Alliance. Except for emergency care, you may have to pay for care from providers who are out of the network. If you need covered health care services, you may be able to get them out of the network at no cost to you as long as they are medically necessary and not available in the network.

The Alliance may approve a referral to an out-of-network provider if the services you need are not available in-network or are located very far from your home. If we give you a referral to an out-of-network provider, we will pay for your care.

For urgent care inside the Alliance service area, you must visit an Alliance network urgent care provider. You do not need pre-approval to get urgent care from an in-network provider. If you do not get pre-approval, you may have to pay for the urgent care you get from out-of-network provider inside the Alliance service area. For more information on emergency care, urgent care and sensitive care services, go to those headings in this chapter.

Note: If you are an American Indian, you can get care at an IHCP outside of our provider network without a referral.

If you need help with out-of-network services, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Outside the service area

If you are outside of the Alliance service area and need care that is **not** an emergency or urgent, call your PCP right away. Or call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). Our service areas are Santa Cruz, Monterey and Merced counties.

For emergency care, call **911** or go to the nearest emergency room. The Alliance covers out-of-network emergency care. If you travel to Canada or Mexico and need emergency services requiring hospitalization, the Alliance will cover your care. If you are traveling internationally outside of Canada or Mexico and need emergency services, urgent care, or any health care services the Alliance will **not** cover your care.

If you paid for emergency services requiring hospitalization in Canada or Mexico, you can ask the Alliance to pay you back. The Alliance will review your request.

If you are in another State, including US territories (American Samoa, Guam, Northern Mariana Islands, Puerto Rico and the US Virgin Islands), you are covered for emergency care, but not all hospitals and doctors accept Medicaid (Medicaid is what Medi-Cal is called in other States). If you need emergency care outside of California, tell the hospital or emergency room doctor that you have Medi-Cal and are an Alliance member as soon as possible. Ask the hospital to make copies of your Alliance ID card. Tell the hospital and the doctors to bill the Alliance. If you get a bill for services you received in another State, call the Alliance immediately. We will work with the hospital and/or doctor to arrange for the Alliance to pay for your care.

If you are outside of California and have an emergency need to fill outpatient prescription drugs, then please have the pharmacy call Medi-Cal Rx at 800-977-2273 for assistance.

Note: American Indians may get services at out-of-network IHCPs.

If you need health care services for a California Children's Services (CCS) eligible medical condition and the Alliance does not have a CCS-paneled specialist in the network who can provide the care you need, you may be able to go to a provider outside of the provider network at no cost to you. To learn more about the CCS program, read the Benefits and Services chapter of this handbook.

If you have questions about out-of-network or out-of-service-area care, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). If the office is closed and you want help from a representative, call the Alliance Nurse Advice Line at 844-971-8907.

If you need urgent care out of the Alliance service area, go to the nearest urgent care

facility. If you are traveling outside the United States and need urgent care, the Alliance will not cover your care. For more information on urgent care, go to the “Urgent care” heading later in this chapter.

Doctors

You will choose your doctor to be your primary care provider (PCP) from the Alliance Provider Directory. The doctor you choose must be an in-network provider. To get a copy of the Alliance Provider Directory, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). Or find it online at <https://thealliance.health/for-members/get-started/find-a-doctor/>.

If you are choosing a new doctor, you should also call to make sure the PCP you want is taking new patients.

If you had a doctor before you were a member of the Alliance, and that doctor is not part of the Alliance network, you may be able to keep that doctor for a limited time. This is called continuity of care. You can read more about continuity of care in this handbook. To learn more, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

If you need a specialist, your PCP will refer you to a specialist in the Alliance network. Some specialists do not require a referral. For more information on referrals, go to the “Referrals” heading later in this chapter.

Remember, if you do not choose a PCP, the Alliance will choose one for you, unless you have comprehensive other health coverage in addition to Medi-Cal. You know your health care needs best, so it is best if you choose. If you are in both Medicare and Medi-Cal, or if you have other health care insurance, you do not have to choose a PCP.

If you want to change your PCP, you must choose a PCP from the Alliance Provider Directory. Be sure the PCP is taking new patients. To change your PCP, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Hospitals

In an emergency, call **911** or go to the nearest hospital.

If it is not an emergency and you need hospital care, your PCP will decide which hospital you go to. You will need to go to a hospital that your PCP uses and is in the Alliance provider network. The hospitals in the Alliance network are listed in the Provider Directory.

Women’s health specialists

You may go to a women’s health specialist within the Alliance network for covered care necessary to provide women’s routine and preventive health care services. You do not need a referral from your PCP to get these services. For help finding a women’s health specialist, you can call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). You may also call the 24/7 Alliance Nurse Advice Line at 844-971-8907.

Provider Directory

The Alliance Provider Directory lists providers that participate in the Alliance network. The network is the group of providers that work with the Alliance.

The Alliance Provider Directory lists hospitals, PCPs, specialists, nurse practitioners, nurse midwives, physician assistants, family planning providers, Federally Qualified Health Centers (FQHCs), outpatient mental health providers, managed long-term services and supports (MLTSS), Freestanding Birth Centers (FBCs), Indian Health Care Providers (IHCPs) and Rural Health Clinics (RHCs).

The Provider Directory has Alliance in-network provider names, specialties, addresses, phone numbers, business hours and languages spoken. It tells if the provider is taking new patients. It also gives the level of physical accessibility for the building, such as parking, ramps, stairs with handrails, and restrooms with wide doors and grab bars. If you want information about a doctor’s education, training, and board certification, please call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

You can find the online Provider Directory at <https://provider.portal.ccah-alliance.org/providerdirectory/>.

If you need a printed Provider Directory, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at <https://medi-calrx.dhcs.ca.gov/home/>. You can also find a pharmacy near you by calling Medi-Cal Rx at 1-800-977-2273 (TTY 800-977-2273 and press 5 or 711).

standards help to make sure you can get care without having to travel too long or too far from where you live. Travel time or distance standards depend on the county you live in.

If the Alliance is not able to provide care to you within these travel time or distance standards, DHCS may approve a different standard, called an alternative access standard. For the Alliance's time or distance standards for where you live, visit www.thealliance.health. Or call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

If you need care from a provider and that provider is located far from where you live, call member services at 800-700-3874 (TTY 800-735-2929 or 711). They can help you find care with a provider located closer to you. If the Alliance cannot find care for you with a closer provider, you can ask the Alliance to arrange transportation for you to go to your provider, even if that provider is located far from where you live. If you need help with pharmacy providers, please call Medi-Cal Rx at 800-977-2273 (TTY 800-977-2273 and press 5 or 711).

It is considered far if you cannot get to that provider within the Alliance's travel time or distance standards for your county, regardless of any alternative access standard the Alliance may use for your ZIP Code.

Appointments

When you need health care:

- Call your PCP
- Have your Alliance ID number ready on the call
- Leave a message with your name and phone number if the office is closed
- Take your BIC and Alliance ID card to your appointment
- Ask for language assistance or interpreting services, before your appointment to have the services at the time of your visit, if needed
- Be on time for your appointment, arriving a few minutes early to sign in, fill out forms and answer any questions your PCP may have
- Call right away if you cannot keep your appointment or will be late
- Have your questions and medication information ready in case you need them

If you have an emergency, call **911** or go to the nearest emergency room.

Central California Alliance for Health is here 8 AM – 5:30 PM, Monday through Friday. The call is toll free. Or call the California Relay Line at 711. Visit online at www.thealliance.health.

Getting to your appointment

If you don't have a way to get to and from your appointments for covered services, we can help arrange transportation for you. This service, called medical transportation, is **not** for emergencies. If you are having an emergency, call **911**. Medical transportation is available for services and appointments that are not related to emergency services and may be available at no cost to you.

Go to the section "Transportation benefits for situations that are not emergencies" for more information.

Canceling and rescheduling

If you can't make your appointment, call your provider's office right away. Most doctors ask you to call 24 hours (1 business day) before your appointment if you have to cancel. If you miss repeated appointments, your doctor may not want to have you as a patient anymore.

Payment

You do **not** have to pay for covered services. In most cases, you will not get a bill from a provider. You must show your Alliance ID card and your Medi-Cal BIC when you get any health care services or prescriptions, so your provider knows who to bill. You may get an Explanation of Benefits (EOB) or a statement from a provider. EOBs and statements are not bills.

If you do get a bill, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). If you get a bill for prescriptions, call Medi-Cal Rx at 800-977-2273 (TTY 800-977-2273 and press 5 or 711). Or visit the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>. Tell the Alliance the amount charged, the date of service and the reason for the bill. You are **not** responsible to pay a provider for any amount owed by the Alliance for any covered service. You must get pre-approval (prior authorization) from the Alliance before you visit a provider outside the Alliance network, including inside the Alliance service area, except in the following situations:

- You need emergency services, in which case dial 911 or go to the nearest hospital

Call member services at 800-700-3874 (TTY 800-735-2929).

Central California Alliance for Health is here 8 AM – 5:30 PM, Monday through Friday. The call is toll free. Or call the California Relay Line at 711. Visit online at www.thealliance.health.

- You need family planning services or services related to testing for sexually transmitted infections, in which case you can go to any Medi-Cal provider without pre-approval
- You need mental health services, in which case you can go to either an in-network provider or a county mental health plan provider without pre-approval

If you do not get pre-approval, you may have to pay for care from providers who are not in the network. If you need covered health care services, you may be able to get them at an out-of-network provider at no cost to you, as long as they are medically necessary, not available in the network and pre-approved by the Alliance. For more information about emergency care, urgent care, and sensitive services, go to those headings in this chapter.

If you get a bill or are asked to pay a co-pay that you think you did not have to pay, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). If you pay the bill, you can file a claim form with the Alliance. You will need to tell the Alliance in writing why you had to pay for the item or service. The Alliance will read your claim and decide if you can get money back. For questions call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

If you receive services in the Veterans Affairs system or non-covered or unauthorized services received outside of California, you may be responsible for payment.

The Alliance will not pay you back if:

- The services are not covered by Medi-Cal such as cosmetic services.
- You have an unmet Medi-Cal Share of Cost.
- You went to a doctor who does not take Medi-Cal and you signed a form that said you want to be seen anyway and you will pay for the services yourself.
- You asked to be paid back for co-pays for prescriptions covered by your Medicare Part D plan.

Referrals

Your PCP or another specialist will provide you a referral to visit a specialist within the time frame listed in the “Timely access to care” section of this handbook, if you need one. A specialist is a doctor who has extra education in one area of medicine. Your PCP will work with you to choose a specialist. Your PCP’s office can help you set up a time to go to the specialist.

Other services that might need a referral include in-office procedures, X-rays, and lab

work.

Your PCP may give you a form to take to the specialist. The specialist will fill out the form and send it back to your PCP. The specialist will treat you for as long as they think you need treatment.

If you have a health problem that needs special medical care for a long time, you may need a standing referral. This means you can go to the same specialist more than once without getting a referral each time.

If you have trouble getting a standing referral or want a copy of the Alliance referral policy, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

You do not need a referral for:

- PCP visits
- Obstetrics/Gynecology (OB/GYN) visits
- Urgent or emergency care visits
- Adult sensitive services, such as sexual assault care
- Family planning services (to learn more, call Office of Family Planning Information and Referral Service at 1-800-942-1054)
- HIV testing and counseling (12 years or older)
- Sexually transmitted infection services (12 years or older)
- Immunizations and other routine preventive services
- Chiropractic services (a referral may be required when provided by out-of-network FQHCs, RHCs and IHCPs)
- Initial mental health assessment
- Routine Vision Exam

Minors can also get certain outpatient mental health services, sensitive services and substance use disorder services without parent's consent. For more information read "Minor consent services" and "Substance use disorder treatment services" in this handbook.

Pre-approval (prior authorization)

For some types of care, your PCP or specialist will need to ask the Alliance for permission before you get the care. This is called asking for prior authorization, prior approval, or pre-approval. It means that the Alliance must make sure that the care is medically necessary or needed.

Medically Necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness or injury. For Members under the age of 21, Medi-Cal services includes care that is medically necessary to fix or help relieve a physical or mental illness or condition.

The following services always need pre-approval (prior authorization), even if you get them from a provider in the Alliance network:

- Hospitalization, if not an emergency
- Services out of the Alliance service area, if not an emergency or urgent
- Outpatient surgery
- Long-term care or skilled nursing services at a nursing facility
- Specialized treatments, imaging, testing, and procedures
- Medical transportation services when it is not an emergency. Emergency ambulance services do not require pre-approval.

Under Health and Safety Code Section 1367.01(h)(1), the Alliance will decide routine pre-approvals (prior authorizations) within 5 working days of when the Alliance gets the information reasonably needed to decide.

For requests in which a provider indicates or the Alliance determines that following the standard timeframe could seriously endanger your life or health or ability to attain, maintain, or regain maximum function, the Alliance will make an expedited (fast) pre-approval (prior authorization) decision. The Alliance will give you notice as quickly as your health condition requires and no later than 72 hours after getting the request for services.

Pre-approval (prior authorization) requests are reviewed by clinical or medical staff, such as doctors, nurses and pharmacists.

The Alliance does **not** pay the reviewers to deny coverage or services. If the Alliance does not approve the request, we will send you a Notice of Action (NOA) letter. The NOA letter will tell you how to file an appeal if you do not agree with the decision.

Call member services at 800-700-3874 (TTY 800-735-2929).

Central California Alliance for Health is here 8 AM – 5:30 PM, Monday through Friday. The call is toll free. Or call the California Relay Line at 711. Visit online at www.thealliance.health.

The Alliance will contact you if the Alliance needs more information or more time to review your request.

You never need pre-approval (prior authorization) for emergency care, even if it is out of the network and out of your service area. This includes labor and delivery if you are pregnant. You do not need pre-approval for certain sensitive care services. To learn more about sensitive care services, go to “Sensitive care” later in this chapter.

For questions about pre-approval (prior authorization), call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Second opinions

You might want a second opinion about care your provider says you need or about your diagnosis or treatment plan. For example, you may want a second opinion if you are not sure you need a prescribed treatment or surgery, or you have tried to follow a treatment plan and it has not worked.

If you want to get a second opinion, we will refer you to a qualified network provider who can give you a second opinion. For help choosing a provider, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

The Alliance will pay for a second opinion if you or your network provider asks for it and you get the second opinion from a network provider. You do not need permission from the Alliance to get a second opinion from a network provider. However, if you need a referral, your network provider can help you get a referral for a second opinion if you need one.

If there is no provider in the Alliance network to give you a second opinion, the Alliance will pay for a second opinion from an out-of-network provider. The Alliance will tell you within 5 business days if the provider you choose for a second opinion is approved. If you have a chronic, severe or serious illness, or face an immediate and serious threat to your health, including, but not limited to, loss of life, limb, or major body part or bodily function, the Alliance will tell you in writing within 72 hours.

If the Alliance denies your request for a second opinion, you may file a grievance. To learn more about grievances, go to the “Complaints” heading in the Chapter titled “Reporting and Solving Problems” in this handbook.

Sensitive care

Minor consent services

If you are under age 18, you can receive some services without a parent or guardian's permission. These services are called minor consent services.

You may get the following services without your parent or guardian's permission:

- Sexual assault services, including outpatient mental health care
- Pregnancy
- Family planning and birth control
- Abortion services

If you are 12 years old or older, you may also get these services without your parent or guardian's permission:

- Outpatient mental health care for:
 - Sexual assault
 - Incest
 - Physical assault
 - Child abuse
 - When you have thoughts of hurting yourself or others
- HIV/AIDS prevention, testing, and treatment
- Sexually transmitted infections prevention, testing, and treatment
- Substance use disorder treatment
 - For more information go to "Substance use disorder treatment services" in this handbook.

For pregnancy testing, family planning services, birth control services, or services for sexually transmitted infections, the doctor or clinic does not have to be part of the Alliance network. You can choose any Medi-Cal provider and go to them for these services without a referral or pre-approval (prior authorization). For minor consent services that are not specialty mental health services, you can go to an in-network provider without a referral and without pre-approval. Your PCP does not have to refer you and you do not need to get pre-approval from the Alliance to get minor consent services that are covered under this Member Handbook.

Minor consent services that are specialty mental health services are not covered under this Member Handbook. Specialty mental health services are covered by the county mental health plan for the county where you live.

Minors can talk to a representative in private about their health concerns by calling the 24/7 Alliance Nurse Advice Line at 844-971-8907 (toll free).

The Alliance will not send information about getting sensitive services to parents or guardians. Please refer to the “Notice of Privacy Practices” section for information about how to request for confidential communications related to sensitive services.

Adult sensitive care services

As an adult (18 years or older), you may not want to go to your PCP for certain sensitive or private care. If so, you may choose any doctor or clinic for the following types of care:

- Family planning and birth control (including sterilization for adults 21 and older)
- Pregnancy testing and counseling
- HIV/AIDS prevention and testing
- Sexually transmitted infections prevention, testing and treatment
- Sexual assault care
- Outpatient abortion services

The doctor or clinic does not have to be part of the Alliance network. You can choose any Medi-Cal provider and go to them without a referral or pre-approval (prior authorization) for these services. Services from an out-of-network provider not related to sensitive care may not be covered. For help finding a doctor or clinic giving these services, or for help getting to these services (including transportation), you can call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). You may also call the 24/7 Alliance Nurse Advice Line at 844-971-8907 (toll free).

The Alliance will not send information about getting sensitive services to other household members. Please refer to the “Notice of Privacy Practices” section for information about how to request for confidential communications related to sensitive services.

Moral objection

Some providers have a moral objection to some covered services. This means they have a right to **not** offer some covered services if they morally disagree with the services. If your provider has a moral objection, they will help you find another provider for the needed services. The Alliance can also work with you to find a provider.

Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family member might need:

- Family planning;
- Contraceptive services, including emergency contraception;
- Sterilization, including tubal ligation at the time of labor and delivery;
- Infertility treatments;
- Abortion.

You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, or clinic, or call the Alliance at 800-700-3874 (TTY 800-735-2929 or 711) to ensure that you can obtain the health care services that you need.

These services are available and the Alliance must ensure you or your family member sees a provider or is admitted to a hospital that will perform the covered services. Call the Alliance at 800-700-3874 (TTY 800-735-2929 or 711) if you have questions or need help finding a provider.

Urgent care

Urgent care is **not** for an emergency or life-threatening condition. It is for services you need to prevent serious damage to your health from a sudden illness, injury or complication of a condition you already have. Most urgent care appointments do not need pre-approval (prior authorization) and are available within 48 hours of your request for an appointment. If the urgent care services you need require a pre-approval, you will be offered an appointment within 96 hours of your request.

For urgent care, call your PCP. If you cannot reach your PCP, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). Or you can call Alliance Nurse Advice Line at 844-971-8907 (toll free), to learn the level of care that is best for you. If an urgent visit is required, you can find Urgent Visit Access Offices in our online Provider Directory at <https://provider.portal.ccah-alliance.org/providerdirectory/>.

If you need urgent care out of the area, go to the nearest urgent care facility.

Urgent care needs could be:

- Cold
- Sore throat

Call member services at 800-700-3874 (TTY 800-735-2929).

- Fever
- Ear pain
- Sprained muscle
- Maternity services

You must get urgent care services from an in-network provider when you are inside the Alliance’s service area. You do not need pre-approval (prior authorization) for urgent care from in-network providers inside the Alliance’s service area. If you are outside the Alliance’s service area, but inside the United States, you do not need pre-approval to get urgent care. Go to the nearest urgent care facility. Medi-Cal does not cover urgent care services outside the United States. If you are traveling outside the United States and need urgent care, we will not cover your care.

If you need mental health urgent care, call your county mental health plan or Member Services at 800-700-3874 (TTY 800-735-2929 or 711). You may call your county mental health plan or your Alliance Behavioral Health Organization, Beacon Health Options at 855-765-9700 any time, 24 hours a day, 7 days a week. To find all counties’ toll-free telephone numbers online, visit <http://www.dhcs.ca.gov/individuals/Pages/MHPContaktList.aspx>.

Your urgent care provider might give you medication as part of your urgent care visit. If you get medications as part of your visit, the Alliance will cover the medications as part of your covered urgent care. If your urgent care provider gives you a prescription to take to a pharmacy, the Medi-Cal Rx program will cover the medications. To learn more about Medi-Cal Rx, go to the “Prescription drugs covered by Medi-Cal Rx” heading in the section “Other Medi-Cal programs and services” in Chapter 4.

Emergency care

For emergency care, call **911** or go to the nearest emergency room (ER). For emergency care, you do **not** need pre-approval (prior authorization) from the Alliance.

Inside the United States, including any U.S. Territories, you have the right to use any hospital or other setting for emergency care.

Outside the U.S., only emergency services requiring hospitalization in Canada and Mexico are covered. Emergency care and other care in other countries are not covered.

Emergency care is for life-threatening medical conditions. This care is for an illness or injury that a prudent (reasonable) layperson (not a health care professional) with average knowledge of health and medicine could expect that, if you don’t get care right

away, you would place your health (or your unborn baby's health) in serious danger, or you risk serious harm to your body functions, body organ or body part. Examples may include, but are not limited to:

- Active labor
- Broken bone
- Severe pain
- Chest pain
- Trouble breathing
- Severe burn
- Drug overdose
- Fainting
- Severe bleeding
- Psychiatric emergency conditions, such as severe depression or suicidal thoughts (may be covered by county mental health plans)

Do not go to the ER for routine care or care that is not needed right away. You should get routine care from your PCP, who knows you best. If you are not sure if your medical condition is an emergency, call your PCP. You may also call the 24/7 Alliance Nurse Advice Line at 844-971-8907 (toll free)

If you need emergency care away from home, go to the nearest emergency room (ER), even if it is not in the Alliance network. If you go to an ER, ask them to call the Alliance. You or the hospital to which you were admitted should call the Alliance within 24 hours after you get emergency care. If you are traveling outside the U.S., other than to Canada or Mexico, and need emergency care, the Alliance will **not** cover your care.

If you need emergency transportation, call **911**. You do not need to ask your PCP or the Alliance first before you go to the ER.

If you need care in an out-of-network hospital after your emergency (post-stabilization care), the hospital will call the Alliance.

Remember: Do not call **911** unless it is an emergency. Get emergency care only for an emergency, not for routine care or a minor illness like a cold or sore throat. If it is an emergency, call **911** or go to the nearest emergency room.

They will ask for your ID number and your date of birth. Have this information ready when you call the Alliance Nurse Advice Line. The Alliance Nurse Advice Line **cannot** help with clinic appointments or medication refills. Call your provider's office if you need help with these.

Advance directives

An advance health directive is a legal form. You can list on the form the health care you want in case you cannot talk or make decisions later on. You can list what care you do **not** want. You can name someone, such as a spouse, to make decisions for your health care if you cannot.

You can get an advance directive form at pharmacies, hospitals, law offices and doctors' offices. You may have to pay for the form. You can also find and download a free form online. You can ask your family, PCP or someone you trust to help you fill out the form.

You have the right to have your advance directive placed in your medical records. You have the right to change or cancel your advance directive at any time.

You have the right to learn about changes to advance directive laws. The Alliance will tell you about changes to the state law no longer than 90 days after the change.

4. Benefits and services

What your health plan covers

This chapter explains your covered services as a member of the Alliance. Your covered services are free as long as they are medically necessary and provided by a network provider. You must ask us for pre-approval (prior authorization) if the care is out-of-network except for certain sensitive services and emergency care. Your health plan may cover medically necessary services from an out-of-network provider. But you must ask the Alliance for pre-approval (prior authorization) for this. Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduces severe pain from a diagnosed disease, illness or injury. For Members under the age of 21, Medi-Cal services include care that is medically necessary to fix or help relieve a physical or mental illness or condition. For more details on your covered services, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Members under 21 years old get extra benefits and services. Read Chapter 5: Child and youth well care for more information.

Some of the basic health benefits the Alliance offers are listed below. Benefits with a star (*) may need pre-approval.

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness or injury.

Medically necessary services include those services that are necessary for age-appropriate growth and development, or to attain, maintain, or regain functional capacity.

For Members under 21 years of age, a service is medically necessary if it is necessary to correct or ameliorate defects and physical and mental illnesses or conditions under the federal Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit. This includes care that is necessary to fix or help relieve a physical or mental illness or condition or maintain the member's condition to keep it from getting worse.

Medically necessary services do not include:

- Treatments that are untested or still being tested
- Services or items not generally accepted as effective
- Services outside the normal course and length of treatment or services that don't have clinical guidelines
- Services for caregiver or provider convenience

The Alliance will coordinate with other programs to ensure that you receive all medically necessary services, even if those services are covered by another program and not the Alliance.

Medically necessary services include covered services that are reasonable and necessary to:

- Protect life;
- Prevent significant illness or significant disability;
- Alleviate severe pain;
- Achieve age-appropriate growth and development; and
- Attain, maintain, and regain functional capacity.

For Members less than 21 years of age, medically necessary services include all covered services, identified above, and any other necessary health care, diagnostic services, treatment, and other measures to correct or ameliorate defects and physical and mental illnesses and conditions, as required by the federal Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit.

EPSDT provides a broad range of prevention, diagnostic, and treatment services for low-income infants, children and adolescents under age 21. The EPSDT benefit is more robust than the benefit for adults and is designed to assure that children receive early detection and care, so that health problems are averted or diagnosed and treated as early as possible. The goal of EPSDT is to assure that individual children get the health care they need when they need it – the right care to the right child at the right time in the right setting.

The Alliance will coordinate with other programs to ensure that you receive all medically necessary services, even if those services are covered by another program and not the Alliance.

Emergency services

Inpatient and outpatient services needed to treat a medical emergency

The Alliance covers all services that are needed to treat a medical emergency that happens in the U.S. (including territories such as Puerto Rico, U.S. Virgin Islands, etc.). The Alliance also covers emergency care that requires hospitalization in Canada or Mexico. A medical emergency is a medical condition with severe pain or serious injury. The condition is so serious that, if it does not get immediate medical attention, a prudent layperson could expect it to result in:

- Serious risk to your health; **or**
- Serious harm to bodily functions; **or**
- Serious dysfunction of any bodily organ or part; **or**
- In the case of a pregnant person in active labor, meaning labor at a time when either of the following would occur:
 - There is not enough time to safely transfer you to another hospital before delivery.
 - The transfer may pose a threat to your health or safety or to that of your unborn child.

If a hospital emergency room gives you up to a 72-hour supply of an outpatient prescription drug as part of your treatment, the prescription drug will be covered as part of your covered Emergency Services. If a hospital emergency room provider gives you a prescription that you have to take to an outpatient pharmacy to be filled, Medi-Cal Rx will be responsible for the coverage of that prescription.

If a pharmacist at an outpatient pharmacy gives you an emergency supply of a medication, that emergency supply will be covered by Medi-Cal Rx and not the Alliance. Have the pharmacy call Medi-Cal Rx at 800-977-2273 if they need help in giving you an emergency medication supply.

Emergency transportation services

The Alliance covers ambulance services to help you get to the nearest place of care in emergency situations. This means that your condition is serious enough that other ways of getting to a place of care could risk your health or life. No services are covered

Call member services at 800-700-3874 (TTY 800-735-2929). Central California Alliance for Health is here 8 AM – 5:30 PM, Monday through Friday. The call is toll free. Or call the California Relay Line at 711. Visit online at www.thealliance.health.

Call member services at 800-700-3874 (TTY 800-735-2929).

Services from an out-of-network provider not related to family planning may not be covered. To learn more, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Transportation benefits for situations that are not emergencies

You are entitled to medical transportation if you have medical needs that do not allow you to use a car, bus or taxi to your appointments. Medical transportation can be provided for covered services and Medi-Cal covered pharmacy appointments. If you need medical transportation, you can request this by speaking to your doctor, dentist, podiatrist, or mental health or substance use disorder provider. Your provider will decide the correct type of transportation to meet your needs. If they find that you need medical transportation, they will prescribe it by completing a form and submit it to the Alliance. Once approved, the approval is good for 12 months depending on the medical need. Additionally, there are no limits for how many rides you can get. Your doctor will need to reassess your medical need for medical transportation and re-approve every 12 months.

Medical transportation is an ambulance, litter van, wheelchair van or air transport. The Alliance allows the lowest cost medical transportation for your medical needs when you need a ride to your appointment. That means, for example, if you can physically or medically be transported by a wheelchair van, the Alliance will not pay for an ambulance. You are only entitled to air transport if your medical condition makes any

form of ground transportation impossible.

Medical transportation must be used when:

- It is physically or medically needed as determined with a written authorization by a doctor or other provider because you are not able to physically or medically able to use a bus, taxi, car or van to get to your appointment.
- You need help from the driver to and from your residence, vehicle or place of treatment due to a physical or mental disability.

To ask for medical transportation that your doctor has prescribed for non-urgent (routine) appointments, please call the Alliance at 800-700-3874 ext. 5577 at least five (5) business days (Monday-Friday) before your appointment. For urgent appointments, please call as soon as possible. Please have your member ID card ready when you call.

Limits of medical transportation: The Alliance provides the lowest cost medical transportation that meets your medical needs to the closest provider from your home where an appointment is available. Medical transportation will not be provided if the service is not covered by Medi-Cal. If the appointment type is covered by Medi-Cal but not through the health plan, the Alliance will help you schedule your transportation. A list of covered services is in this Member Handbook. Transportation is not covered outside of the network or service area unless pre-authorized by the Alliance. For more information or to ask for medical transportation, please call the Alliance at 800-700-3874 ext. 5577.

Cost to member: There is no cost when transportation is arranged by the Alliance.

How to get non-medical transportation

- Traveling to and from an appointment for a Medi-Cal service authorized by your provider; or
- Picking up prescriptions and medical supplies

The Alliance allows you to use a car, taxi, bus or other public/private way of getting to your medical appointment for Medi-Cal-covered services. The Alliance will cover the lowest cost of non-medical transportation type that meets your needs. Sometimes, the

- Proof of car insurance for the driver

To request a ride for services that have been authorized, call the Alliance at 800-700-3874 at least five (5) business days (Monday-Friday) before your appointment or call as soon as you can when you have an urgent appointment. Please have your member ID card ready when you call.

Note: American Indians may contact their local Indian Health Clinic to request non-medical transportation.

Cost to member: There is no cost when non-medical transportation is arranged by the Alliance.

Other Alliance covered benefits and programs

Long-term care services and supports

The Alliance covers these long-term care benefits for members who qualify:

- Long-term care facility services as approved by the Alliance
- Skilled nursing facility services as approved by the Alliance

If you qualify for long-term care services, the Alliance will make sure you are placed in a health care facility that provides the level of care most appropriate to your medical needs.

If you have questions about long-term care services, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Basic care management

The Alliance will help coordinate and manage your health care needs and services at no cost to you. The Alliance will coordinate your health care services to help ensure that you receive all medically necessary services, including prescription drugs, and behavioral health care services, even if those services are covered by another program and not the Alliance. This includes care coordination across settings, such as if you need hospitalization and are discharged to your home or a skilled nursing facility.

If you have questions or concerns about your health or the health of your child, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Enhanced Care Management

The Alliance covers Enhanced Care Management (ECM) services for members with highly complex needs. ECM is a benefit that provides extra services to help you get the care you need to stay healthy. It coordinates the care you get from different doctors. ECM helps coordinate primary care, acute care, behavioral health, developmental, oral health, community-based long-term services and supports (LTSS), and referrals to available community resources.

If you qualify, you may be contacted about ECM services. You can also call the Alliance to find out if and when you can receive ECM. Or talk to your health care provider who

can find out if you qualify for ECM and when and how you can receive it.

Covered ECM services

If you qualify for ECM, you will have your own care team, including a Lead Care Manager. This person will talk to you and your doctors, specialists, pharmacists, case managers, social services providers and others to make sure everyone works together to get you the care you need. A Lead Care Manager can also help you find and apply for other services in your community. ECM includes:

- Outreach and engagement
- Comprehensive assessment and care management
- Enhanced coordination of care
- Health promotion
- Comprehensive transitional care
- Member and family support services
- Coordination and referral to community and social supports

To find out if ECM may be right for you, talk to your Alliance representative or health care provider.

Cost to member

There is no cost to the member for ECM services.

Community Supports

Community Supports may be available under your Individualized Care Plan. Community Supports are medically appropriate and cost-effective alternative services or settings to those covered under the Medi-Cal State Plan. These services are optional for Members to receive. If you qualify, these services may help you live more independently. They do not replace benefits that you already get under Medi-Cal.

Community Supports are other services for Medi-Cal members that may not include direct medical care. The Alliance offers Community Supports to help members with complex health issues. These health issues are often caused or made worse by lack of food, housing or transportation.

Examples of Community Supports that the Alliance offers:

- Medically Tailored Meals.

- Housing Deposits.
- Housing Tenancy and Sustaining Services.
- Recuperative Care.
- Short-Term Post Hospitalization Housing.
- Sobering Centers (available in Merced and Monterey counties only).
- Environmental Accessibility Accommodation Services

The **Medically Tailored Meals** program provides meals to members after they leave the hospital or a skilled nursing facility, and to members with chronic conditions (such as but not limited to diabetes, cardiovascular disorders, congestive heart failure, chronic lung disorders, cancer, gestational diabetes or other high risk perinatal conditions, and chronic or disabling mental/behavioral health disorders, etc.). You may also get help with case management and nutrition support to help you stay healthy. Members receiving Medically Tailored Meals must have means to refrigerate and heat meals in the setting in which they live.

Housing Transition Navigation Services can help you find and apply for housing. You can also get help with setting up your rental process.

Housing Deposits can help you get one-time funding for housing and establish a basic household. Housing deposit services are not the same as room and board.

Housing Tenancy and Sustaining Services can help you maintain safe and stable housing once you have secured a place to live. You can also get training in:

- Independent living.
- Life skills like budgeting and financial literacy.
- Connecting to community resources.

Recuperative Care provides temporary housing, medical care and other services. The program is for members who are homeless and recovering from an acute illness or injury. These services include case management, self-management support and help with housing.

Short-Term Post Hospitalization Housing provides residential and supportive services. This is for members who have high medical or behavioral health needs. Through this housing service, members can continue their recovery right after leaving a recuperative care setting. This is a once in a lifetime service. Members also need to receive Housing Transition Navigation Services while receiving Short Term Post Hospitalization Housing.

Sobering Centers are places for people who are found to be publicly intoxicated (due to alcohol and/or other drugs). They provide a space for people who would otherwise have to go to the emergency department or jail. Sobering centers provide a safe, supportive environment to become sober and receive referrals for services. This service is mainly for people who are homeless or living in unstable situations. Go live in Santa Cruz County is to be determined.

Environmental Accessibility Accommodation/Home Modification are accommodations to a home that are necessary to ensure the health, welfare, and safety of the member, or enable them to function with greater independence in the home: without which the member would require institutionalization. Services include:

- Ramps and grab-bars to assist Members in accessing the home;
- Doorway widening for Members who require a wheelchair;
- Stair lifts;
- Making a bathroom and shower wheelchair accessible (e.g., constructing a roll-in shower).

You can be referred to Community Supports by your ECM provider, primary doctor, social services providers and others. You or your family may also ask to get Community Supports.

If you need help or would like to find out what Community Supports may be available for you, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711) or call your health care provider.

Whole Child Model (WCM) Program

The WCM program incorporates California Children's Services (CCS) program covered services for Medi-Cal eligible CCS children and youth into the Alliance. CCS is a state program that treats children under 21 years of age with certain health conditions, diseases or chronic health problems and who meet the CCS program rules. If the Alliance or your PCP believes you or your child has a CCS condition, they will be referred to the CCS county program to be assessed for eligibility. If you or your child is determined eligible for WCM, they will get their CCS care through the Alliance.

CCS does not cover all health conditions. CCS covers most health conditions that physically disable or that need to be treated with medicines, surgery or rehabilitation (rehab). Examples of CCS-eligible conditions include but are not limited to:

- Congenital heart disease
- Cancers
- Tumors
- Hemophilia
- Sickle cell anemia
- Thyroid problems
- Diabetes

Transportation and travel expenses

You may be able to receive transportation, meals, lodging and other costs such as parking, tolls, etc. if you or your family needs assistance to get to a medical appointment related to a CCS-eligible condition and there is no other available resource. You should call the Alliance and request approval (authorization) before you pay out of pocket for transportation meals and lodging since the Alliance does provide non-medical and non-emergency medical transportation as noted in benefits and services. If your transportation or travel expenses are determined to be necessary and the Alliance verifies that you attempted to get transportation through the Alliance, you can receive reimbursement from the Alliance and we must reimburse you within 60 calendar days of you submitting the required receipts and documentation for transportation expenses.

Other Medi-Cal programs and services

Other services you can get through Fee-For-Service (FFS) Medi-Cal or other Medi-Cal programs

Sometimes the Alliance does not cover services, but you can still get them through FFS Medi-Cal or other Medi-Cal programs. The Alliance will coordinate with other programs to ensure that you receive all medically necessary services, even if those services are covered by another program and not the Alliance. This section lists some of these services. To learn more, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

Outpatient prescription drugs

Prescription drugs covered by Medi-Cal Rx

Prescription drugs given by a pharmacy are covered by Medi-Cal Rx, a Medi-Cal FFS program. Some drugs given by a provider in an office or clinic may be covered by the Alliance. Your provider can prescribe you drugs that are on the Medi-Cal Rx Contract Drugs List.

Sometimes, a drug is needed and is not on the Contract Drug List. These drugs will need to be approved before they can be filled at the pharmacy. Medi-Cal Rx will review and decide these requests within 24 hours.

- A pharmacist at your outpatient pharmacy may give you a 72-hour emergency supply if they think you need it. Medi-Cal Rx will pay for the emergency medication supply given by an outpatient pharmacy.
- Medi-Cal Rx may say no to a non-emergency request. If they say no, they will send you a letter to tell you why. They will tell you what your choices are. Go to the “Complaints” section in Chapter 6 Reporting and solving problems for more information.

To find out if a drug is on the Contract Drug List or to get a copy of the Contract Drug List, call Medi-Cal Rx at 800-977-2273 (TTY 800-977-2273 and press 5 or 711), visit the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

Pharmacies

If you are filling or refilling a prescription, you must get your prescribed drugs from a pharmacy that works with Medi-Cal Rx. You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at <https://medi-calrx.dhcs.ca.gov/home/>. You can also find a pharmacy near you or a pharmacy that can mail your prescription to you by calling Medi-Cal Rx at 800-977-2273 (TTY 800-977-2273 and press 5 or 711).

Once you choose a pharmacy, take your prescription to the pharmacy. Your provider may also send it to the pharmacy for you. Give the pharmacy your prescription with your Medi-Cal Benefits Identification Card (BIC). Make sure the pharmacy knows about all medications you are taking and any allergies you have. If you have any questions about your prescription, make sure you ask the pharmacist.

Well-child health check-ups and preventive care

Preventive care includes regular health check-ups, screenings to help your doctor find problems early, and counseling services to detect illnesses, diseases, or medical conditions before they cause problems. Regular check-ups help you or your child's doctor look for any problems. Problems can include medical, dental, vision, hearing, mental health, and any substance use (drug) disorders. The Alliance covers check-ups to screen for problems (including blood lead level assessment) any time there is a need for them, even if it is not during your or your child's regular check-up.

Preventive care also includes shots you or your child need. The Alliance must make sure that all enrolled children get needed shots at the time of any health care visit. Preventive care services and screenings are available at no cost and without pre-approval (prior authorization).

Your child should get check-ups at these ages:

- 2-4 days after birth
- 1 month
- 2 months
- 4 months
- 6 months
- 9 months
- 12 months
- 15 months

6. Reporting and solving problems

There are two ways to report and solve problems:

- A **complaint** (or **grievance**) is when you have a problem with the Alliance or a provider, or with the health care or treatment you got from a provider
- An **appeal** is when you don't agree with the Alliance's decision to change your services or to not cover them

You have the right to file grievances and appeals with the Alliance to tell us about your problem. This does not take away any of your legal rights and remedies. We will not discriminate or retaliate against you for complaining to us. Letting us know about your problem will help us improve care for all members.

You should always contact the Alliance first to let us know about your problem. Call us between 8 AM – 5:30 PM, Monday through Friday at 800-700-3874 (TTY 800-735-2929 or 711). Tell us about your problem.

The California Department of Health Care Services (DHCS) Medi-Cal Managed Care Ombudsman can also help. They can help if you have problems joining, changing or leaving a health plan. They can also help if you moved and are having trouble getting your Medi-Cal transferred to your new county. You can call the Ombudsman Monday through Friday, between 8:00 a.m. and 5:00 p.m. at 1-888-452-8609.

You can also file a grievance with your county eligibility office about your Medi-Cal eligibility. If you are not sure who you can file your grievance with, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711).

To report incorrect information about your additional health insurance, please call Medi-Cal Monday through Friday, between 8:00 a.m. and 5:00 p.m. at 1-800-541-5555.

Appeals

An appeal is different from a complaint. An appeal is a request for us to review and change a decision we made about your service(s). If we sent you a Notice of Action (NOA) letter telling you that we are denying, delaying, changing or ending a service(s), and you do not agree with our decision, you can ask us for an appeal. Your PCP or other provider can also ask us for an appeal for you with your written permission.

You must ask for an appeal within 60 days from the date on the NOA you got from us. If we decided to reduce, suspend, or stop a service(s) you are getting now, you can continue getting that service(s) while you wait for your appeal to be decided. This is called Aid Paid Pending. To receive Aid Paid Pending, you must ask us for an appeal within 10 days from the date on the NOA or before the date we said your service(s) will stop, whichever is later. When you request an appeal under these circumstances, the service(s) will continue.

You can file an appeal by phone, in writing or online:

- **By phone:** Call the Alliance at 800-700-3874 (TTY 800-735-2929 or 711) between 8 AM – 5:30 PM, Monday through Friday. Give your name, health plan ID number and the service you are appealing.
- **By mail:** Call the Alliance at 800-700-3874 (TTY 800-735-2929 or 711) between 8 AM – 5:30 PM, Monday through Friday and ask to have a form sent to you. When you get the form, fill it out. Be sure to include your name, health plan ID number and the service you are appealing.

Mail the form to:

Grievance Department

735-2929 or 711).

Within 5 days of getting your appeal, we will send you a letter telling you we got it. Within 30 days, we will tell you our appeal decision and send you a Notice of Appeal Resolution (NAR) letter. If we do not provide you with our appeal decision within 30 days, you can request a State Hearing. In this case, the State Hearing has final say.

If you or your doctor wants us to make a fast decision because the time it takes to decide your appeal would put your life, health or ability to function in danger, you can ask for an expedited (fast) review. To ask for an expedited review, call Member Services at 800-700-3874 (TTY 800-735-2929 or 711). We will make a decision within 72 hours of receiving your appeal.

What to do if you do not agree with an appeal decision

If you requested an appeal and got a NAR letter telling you we did not change our decision, or you never got a NAR letter and it has been past 30 days, you can:

- Ask for a **State Hearing** from the California Department of Social Services (CDSS), and a judge will review your case.

You will not have to pay for a State Hearing. You are entitled to a State Hearing. In this case, the State Hearing has the final say.

The sections below have more information on how to ask for a State Hearing.

Complaints and appeals related to Medi-Cal Rx pharmacy benefits are not handled by the Alliance. You can submit complaints and appeals about Medi-Cal Rx pharmacy benefits by calling 800-977-2273 (TTY 800-977-2273 and press 5 or 711).

If you do not agree with a decision related to your Medi-Cal Rx pharmacy benefit, you may ask for a State Hearing.

correct decision. You have the right to ask for a State Hearing if you have already asked for an appeal with us and you are still not happy with our decision, or if you did not get a decision on your appeal after 30 days.

You must ask for a State Hearing within 120 days from the date on our NAR letter. However, if we gave you Aid Paid Pending during your appeal, and you want it to continue until there is a decision on your State Hearing, you must ask for a State Hearing within 10 days of our NAR letter, or before the date we said your service(s) will stop, whichever is later. If you need help making sure Aid Paid Pending will continue until there is a final decision on your State Hearing, contact the Alliance between 8 AM – 5:30 PM, Monday through Friday by calling 800-700-3874. If you cannot hear or speak well, please call 800-735-2929 or 711. Your PCP can ask for a State Hearing for you with your written permission.

Sometimes you can ask for a State Hearing without completing our appeal process.

For example, you can request a State Hearing without having to complete our appeal process, if we did not notify you correctly or on time about your service(s). This is called Deemed Exhaustion. Here are some examples of Deemed Exhaustion:

- We did not make a NOA letter available to you in your preferred language.
- We made a mistake that affects any of your rights.
- We did not give you a NOA letter.
- We made a mistake in our NAR letter.
- We did not decide your appeal within 30 days. We decided your case was urgent, but did not respond to your appeal within 72 hours.

You can ask for a State Hearing by phone or mail.

- **By phone:** Call the CDSS Public Response Unit at 1-800-952-5253 (TTY 1-800-952-8349 or 711).

Notice about laws

Many laws apply to this Member Handbook. These laws may affect your rights and responsibilities even if the laws are not included or explained in this handbook. The main laws that apply to this handbook are state and federal laws about the Medi-Cal program. Other federal and state laws may apply too.

Notice about Medi-Cal as a payer of last resort, other health coverage and tort recovery

The Medi-Cal program complies with state and federal laws and regulations relating to the legal liability of third parties for health care services to members. The Alliance will take all reasonable measures to ensure that the Medi-Cal program is the payer of last resort.

Medi-Cal members may have other health coverage (OHC), also referred to as private health insurance. As a condition of Medi-Cal eligibility, you must apply for and/or retain any available OHC when there is no cost to you.

Federal and state laws require Medi-Cal members to report OHC and any changes to an existing OHC. If you do not report OHC promptly, you may have to repay DHCS for any benefits paid erroneously. Submit your OHC online at <http://dhcs.ca.gov/OHC>. If you do not have access to the internet, OHC can be reported to your health plan, or by calling 1-800-541-5555 (TTY 1-800-430-7077 or 711; inside California), or 1-916-636-1980 (outside California). DHCS has the right and responsibility to collect for covered Medi-Cal services for which Medi-Cal is not the first payer. For example, if you are injured in a car accident or at work, auto or workers' compensation insurance may have to pay first, or reimburse Medi-Cal.

If you are injured, and another party is liable for your injury, you or your legal representative must notify DHCS within 30 days of filing a legal action or a claim. Submit your notification online:

- Personal Injury Program at <http://dhcs.ca.gov/PI>
- Workers Compensation Recovery Program at <http://dhcs.ca.gov/WC>

Notice about estate recovery

The Medi-Cal program must seek repayment from estates of certain deceased members for Medi-Cal benefits received on or after their 55th birthday. Repayment includes fee-for-service and managed care premiums and capitation payments for nursing facility services, home and community-based services, and related hospital and prescription drug services received when the member was in inpatient in a nursing facility or was receiving home and community-based services. Repayment cannot exceed the value of a member's probated estate.

To learn more, go to the DHCS estate recovery website at <http://dhcs.ca.gov/er> or call 1-916-650-0590.

Notice of Action

The Alliance will send you a Notice of Action (NOA) letter any time the Alliance denies, delays, terminates or modifies a request for health care services. If you disagree with the plan's decision, you can always file an appeal with the Alliance. Go to the Appeals section above for important information on filing your appeal. When the Alliance sends you a NOA it will inform you of all rights you have if you disagree with a decision we made.

Contents in Notices

If the Alliance bases denials, delays, terminations, or changes in whole or in part on medical necessity, your NOA must contain the following:

- A statement of the action the Alliance intends to take.
- A clear and concise explanation of the reasons for the Alliance's decision.
- How the Alliance came to their decision. This should include the criteria the Alliance used.
- The medical reasons for the decision. The Alliance must clearly state how the member's condition does not meet the criteria or guidelines.
