2. About your health plan

Health plan overview

The Alliance is a health plan for people who have Medi-Cal in these counties: Mariposa, Merced, Monterey, San Benito, or Santa Cruz. The Alliance works with the State of California to help you get the health care you need.

You can return your information in person, by phone, by mail, online, or by other electronic means available in your county.

Special considerations for American Indians in managed care

American Indians have a right to not enroll in a Medi-Cal managed care plan. Or they may leave their Medi-Cal managed care plan and return to FFS Medi-Cal at any time and for any reason.

If you are an American Indian, you have the right to get health care services at an Indian Health Care Provider (IHCP). You can also stay with or disenroll (drop) from the Alliance while getting health care services from these locations. To learn more about enrollment and disenrollment, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

The Alliance must provide care coordination for you, including out-of-network case management. If you ask to get services from an IHCP and there is no available in-network IHCP, the Alliance must help you find an out-of-network IHCP. To learn more, read “Provider network” in Chapter 3 of this handbook.

How your plan works

The Alliance is a managed care health plan contracted with DHCS. The Alliance works with doctors, hospitals, and other health care providers in the Alliance service area to provide health care to our members. As a member of the Alliance, you may qualify for some services provided through FFS Medi-Cal. These include outpatient prescriptions, non-prescription drugs, and some medical supplies through Medi-Cal Rx.

Member Services will tell you how the Alliance works, how to get the care you need, how to schedule provider appointments in during office hours, how to request no-cost interpreting and translation services or written information in alternative formats, and

how to find out if you qualify for transportation services.

To learn more, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). You can also find member service information online at www.thealliance.health.

Changing health plans

Members in Mariposa and Santa Cruz counties can leave the Alliance and join another health plan in your county of residence at any time. To choose a new plan, call Health Care Options at 1-800-430-4263 (TTY 1-800-430-7077 or 711). You can call between 8 a.m. and 6 p.m. Monday through Friday. Or go to <https://www.healthcareoptions.dhcs.ca.gov>.

It takes up to 30 days or more to process your request to leave the Alliance and enroll in another plan in your county. To find out the status of your request, call Health Care Options at 1-800-430-4263 (TTY 1-800-430-7077 or 711).

If you want to leave the Alliance sooner, you can call Health Care Options to ask for an expedited (fast) disenrollment.

Members who can request expedited disenrollment include, but are not limited to, children getting services under the Foster Care or Adoption Assistance programs, members with special health care needs, and members already enrolled in Medicare or another Medi-Cal or commercial managed care plan.

You can ask to leave the Alliance by contacting your local county health and human services office. Find your local office at:

<http://www.dhcs.ca.gov/services/medi-cal/Pages/CountyOffices.aspx>.

Or call Health Care Options at 1-800-430-4263 (TTY 1-800-430-7077 or 711).

Students who move to a new county or out of California

You can get emergency care and urgent care anywhere in the United States, including the U.S. Territories. Routine and preventive care are covered only in your county of residence. If you are a student who moves to a new county in California to attend higher education, including college, the Alliance will cover emergency room and urgent care

services in your new county. You can also get routine or preventive care in your new county, but you must notify your managed care plan (MCP). Read more below.

If you are enrolled in Medi-Cal and are a student in a different county from the California county where you live, you do not need to apply for Medi-Cal in that county.

If you temporarily move away from home to be a student in another county in California, you have two choices. You can:

- Tell your eligibility worker at Mariposa, Merced, Monterey, San Benito or Santa Cruz counties that you are temporarily moving to attend a school for higher education and give them your address in the new county. The county will update the case records with your new address and county code. You must do this if you want to keep getting routine or preventive care while you live in a new county. If the Alliance does not serve the county where you will attend college, you might have to change health plans. For questions and to prevent delay joining the new health plan, call Health Care Options at 1-800-430-4263 (TTY 1-800-430-7077 or 711).

Or

- If the Alliance does not serve the new county where you attend college, and you do not change your health plan to one that serves that county, you will only get emergency room and urgent care services for some conditions in the new county. To learn more, read Chapter 3, “How to get care.” For routine or preventive health care, you would need to use the Alliance network of providers located in the head of household’s county of residence.

If you are leaving California temporarily to be a student in another state and you want to keep your Medi-Cal coverage, contact your eligibility worker at:

Mariposa County	Merced County	Monterey County	San Benito County	Santa Cruz County
1-800-549-6741	1-855-421-6770	1-877-410-8823	1-831-636-4180	1-888-421-8080
1-209-966-2000	1-209-385-3000			

As long as you qualify, Medi-Cal will cover emergency services and urgent care in another state. If the Alliance approves the service and the doctor and hospital meet Medi-Cal rules, Medi-Cal will also cover emergency care that requires hospitalization in Canada and Mexico.

Call member services at 1-800-700-3874 (TTY 1-800-735-2929). Central California Alliance for Health is here 8 AM – 5:30 PM, Monday through Friday. The call is free.

Or call the California Relay Line at 711. Visit online at www.thealliance.health.

Routine and preventive care services, including prescription drugs, are not covered when you are outside of California. You will not qualify for Medi-Cal. The Alliance will not pay for your health care. If you want Medicaid in another state, you will need to apply in that state. Medi-Cal does not cover emergency, urgent, or any other health care services outside of the United States, except for Canada and Mexico as noted in Chapter 3.

Continuity of care

Continuity of care for an out-of-network provider

As a member of the Alliance, you will get your health care from providers in the Alliance's network. To find out if a health care provider is in the Alliance's network, read the Alliance Provider Directory online at <https://thealliance.health/for-members/get-started/find-a-doctor/>. Providers not listed in the directory may not be in the Alliance network.

In some cases, you might be able to get care from providers who are not in the Alliance network. If you were required to change your health plan or to switch from FFS to managed care, or you had a provider who was in network but is now outside the network, you might be able to keep your provider even if they are not in the Alliance network. This is called continuity of care.

If you need to get care from a provider who is outside the network, call the Alliance to ask for continuity of care. You may be able to get continuity of care for up to 12 months or more if all of these are true:

- You have an ongoing relationship with the out-of-network provider before enrollment in the Alliance
- You went to the out-of-network provider for a non-emergency visit at least once during the 12 months before your enrollment with the Alliance
- The out-of-network provider is willing to work with the Alliance and agrees to the Alliance's contract requirements and payment for services
- The out-of-network provider meets the Alliance's professional standards
- The out-of-network provider is enrolled and participating in the Medi-Cal program

To learn more, call member services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

Or call the California Relay Line at 711. Visit online at www.thealliance.health.

If your providers do not join the Alliance network by the end of 12 months, do not agree to the Alliance payment rates, or do not meet quality of care requirements, you will need to change to providers in the Alliance network. To discuss your choices, call member services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

The Alliance is not required to provide continuity of care for an out-of-network provider for certain ancillary (supporting) services such as radiology, laboratory, dialysis centers, or transportation. You will get these services with a provider in the Alliance’s network.

To learn more about continuity of care and if you qualify, call Member Services.

Completion of covered services from an out-of-network provider

As a member of the Alliance, you will get covered services from providers in the Alliance’s network. If you are being treated for certain health conditions at the time you enrolled with the Alliance or at the time your provider left the Alliance’s network, you might also still be able to get Medi-Cal services from an out-of-network provider.

You might be able to continue care with an out-of-network provider for a specific time period if you need covered services for these health conditions:

Health condition	Time period
Acute conditions (a medical issue that needs fast attention)	For as long as your acute condition lasts
Serious chronic physical and behavioral conditions (a serious health care issue you have had for a long time)	For an amount of time required to finish your course of treatment and to safely move you to a new doctor in the Alliance network
Pregnancy and postpartum (after birth) care	During your pregnancy and up to 12 months after the end of pregnancy
Maternal mental health services	For up to 12 months from the diagnosis or from the end of your pregnancy, whichever is later
Care of a newborn child between birth and 36 months old	For up to 12 months from the start date of the coverage or the date the provider’s contract ends with the Alliance
Terminal illness (a life-threatening	For as long as your illness lasts. You may

<p>Performance of a surgery or other medical procedure from an out-of-network provider as long as it is covered, medically necessary, and authorized by the Alliance as part of a documented course of treatment and recommended and documented by the provider</p>	<p>The surgery or other medical procedure must take place within 180 days of the provider’s contract termination date or 180 days from the effective date of your enrollment with the Alliance</p>

For other conditions that might qualify, call Member Services.

If an out-of-network provider is not willing to keep providing services or does not agree to the Alliance’s contract requirements, payment, or other terms for providing care, you will not be able to get continued care from the provider. You may be able to keep getting services from a different provider in the Alliance’s network.

For help choosing a contracted provider to continue with your care or if you have questions or problems getting covered services from a provider who is no longer in the Alliance’s network, call member services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

The Alliance is not required to provide continuity of care for services Medi-Cal does not cover or that are covered under Medi-Cal’s contract with DHCS. To learn more about continuity of care, eligibility, and available services, call Member Services.

Costs

Member costs

The Alliance serves people who qualify for Medi-Cal. In most cases, Alliance members do not have to pay for covered services, premiums, or deductibles.

If you are an American Indian, you do not have to pay enrollment fees, premiums, deductibles, co-pays, cost sharing, or other similar charges. MCPs must not charge any American Indian member who gets an item or service directly from an IHCP or through

a referral to an IHCP or reduce payments due to an IHCP by the amount of any enrollment fee, premium, deductible, copayment, cost sharing, or similar charge.

If you are enrolled in Medi-Cal for Families, you might have a monthly premium and co-pays. Except for emergency care, urgent care, or sensitive care, you must get pre-approval (prior authorization) from the Alliance before you visit a provider outside the Alliance network. If you do not get pre-approval (prior authorization) and you go to a provider outside the network for care that is not emergency care, urgent care, or sensitive care, you might have to pay for care you got from that provider. For a list of covered services, read Chapter 4, “Benefits and services” in this handbook. You can also find the Provider Directory on the Alliance website at www.thealliance.health.

For members with long-term care and a share of cost

You might have to pay a share of cost each month for your long-term care services. The amount of your share of cost depends on your income and resources. Each month, you will pay your own health care bills, including but not limited to Long-Term Support Service (LTSS) bills, until the amount you have paid equals your share of cost. After that, the Alliance will cover your long-term care for that month. You will not be covered by the Alliance until you have paid your entire long-term care share of cost for the month.

How a provider gets paid

The Alliance pays providers in these ways:

- Capitation payments
 - The Alliance pays some providers a set amount of money every month for each Alliance member. This is called a capitation payment. The Alliance and providers work together to decide on the payment amount.
- FFS payments
 - Some providers give care to Alliance members and send the Alliance a bill for the services they provided. This is called an FFS payment. The Alliance and providers work together to decide how much each service costs.
- Care Based Incentives
 - Alliance providers may also receive incentives for meeting or exceeding quality of care measures and providing increased access to members.

If you get a bill from a health care provider

Covered services are health care services that the Alliance must pay. If you get a bill for support services fees, copayments, or registration fees for a covered service, do not pay the bill. Call member services right away at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

If you get a bill from a pharmacy for a prescription drug, supplies, or supplements, call Medi-Cal Rx Customer Service at 1-800-977-2273, 24 hours a day, 7 days a week. TTY users can call 711, Monday through Friday, 8 a.m. to 5 p.m. You can also go to the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

Asking the Alliance to pay you back for expenses

If you paid for services that you already got, you might qualify to be reimbursed (paid back) if you meet **all** of these conditions:

- The service you got is a covered service that the Alliance is responsible for paying. The Alliance will not reimburse you for a service that the Alliance does not cover.
- You got the covered service after you became an eligible Alliance member.
- You ask to be paid back within one year from the date you got the covered service.
- You show proof that you paid for the covered service, such as a detailed receipt from the provider.
- You got the covered service from a Medi-Cal enrolled provider in the Alliance's network. You do not need to meet this condition if you got emergency care, family planning services, or another service that Medi-Cal allows out-of-network providers to perform without pre-approval (prior authorization).
- If the covered service normally requires pre-approval (prior authorization), you need to give proof from the provider that shows a medical need for the covered service.

The Alliance will tell you if they will reimburse you in a letter called a Notice of Action (NOA). If you meet all of the above conditions, the Medi-Cal-enrolled provider should pay you back for the full amount you paid. If the provider refuses to pay you back, the Alliance will pay you back for the full amount you paid. We must reimburse you within 45 working days of receipt of the claim.

If the provider is enrolled in Medi-Cal but is not in the Alliance network and refuses to pay you back, the Alliance will pay you back, but only up to the amount that FFS Medi-Cal would pay. The Alliance will pay you back for the full out-of-pocket amount for emergency services, family planning services, or another service that Medi-Cal allows to be provided by out-of-network providers without pre-approval (prior authorization). If you do not meet one of the above conditions, the Alliance will not pay you back.

The Alliance will not pay you back if:

- You asked for and got services that are not covered by Medi-Cal, such as cosmetic services
- The service is not a covered service for the Alliance
- You have an unmet Medi-Cal share of cost
- You went to a doctor who does not take Medi-Cal and you signed a form that said you want to be seen anyway and you will pay for the services yourself
- You have Medicare Part D co-pays for prescriptions covered by your Medicare Part D plan

3. How to get care

Getting health care services

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

You can start getting health care services on your effective date of enrollment in the Alliance. Always carry with you your Alliance Identification (ID) card, Medi-Cal Benefits Identification Card (BIC), and any other health insurance cards. Never let anyone else use your BIC or Alliance ID card.

New members with only Medi-Cal coverage must choose a primary care provider (PCP) in the Alliance network. New members with both Medi-Cal and comprehensive other health coverage do not have to choose a PCP.

The Alliance network is a group of doctors, hospitals, and other providers who work with the Alliance. You must choose a PCP within 30 days from the time you become a member of the Alliance. If you do not choose a PCP, the Alliance will choose one for you.

You can choose the same PCP or different PCPs for all family members in the Alliance, as long as the PCP is available.

If you have a doctor you want to keep, or you want to find a new PCP, go to the Provider Directory for a list of all PCPs and other providers in the Alliance network. The Provider Directory has other information to help you choose a PCP. If you need a Provider Directory, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). You can also find the Provider Directory on the Alliance website at www.thealliance.health.

If you cannot get the care you need from a participating provider in the Alliance network, your PCP or specialist in the Alliance's network must ask the Alliance for approval to send you to an out-of-network provider. This is called a referral. You do not need a referral to go to an out-of-network provider to get sensitive care services listed under the

heading “Sensitive care” later in this chapter.

Read the rest of this chapter to learn more about PCPs, the Provider Directory, and the provider network.

The Medi-Cal Rx program administers outpatient prescription drug coverage. To learn more, read “Other Medi-Cal programs and services” in Chapter 4.

Primary care provider (PCP)

Your primary care provider (PCP) is the licensed provider you go to for most of your health care. Your PCP also helps you get other types of care you need. You must choose a PCP within 30 days of enrolling in the Alliance. Depending on your age and sex, you can choose a general practitioner, OB/GYN, family practitioner, internist, or pediatrician as your PCP.

A nurse practitioner (NP), physician assistant (PA), or certified nurse midwife can also act as your PCP. If you choose an NP, PA, or certified nurse midwife, you can be assigned a doctor to oversee your care. If you are in both Medicare and Medi-Cal, or if you also have other comprehensive health care insurance, you do not have to choose a PCP.

You can choose an Indian Health Care Provider (IHCP), Federally Qualified Health Center (FQHC), or Rural Health Clinic (RHC) as your PCP. Depending on the type of provider, you might be able to choose one PCP for yourself and your other family members who are members of the Alliance, as long as the PCP is available.

Note: American Indians can choose an IHCP as their PCP, even if the IHCP is not in the Alliance network.

If you do not choose a PCP within 30 days of enrollment, the Alliance will assign you to a PCP. If you are assigned to a PCP and want to change, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). The change happens the first day of the next month.

Your PCP will:

- Get to know your health history and needs
- Keep your health records

- Give you the preventive and routine health care you need
- Refer (send) you to a specialist if you need one
- Arrange for hospital care if you need it

You can look in the Provider Directory to find a PCP in the Alliance network. The Provider Directory has a list of IHCPs, FQHCs, and RHCs that work with the Alliance.

You can find the Alliance Provider Directory online at www.thealliance.health. Or you can request a Provider Directory to be mailed to you by calling Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). You can also call to find out if the PCP you want is taking new patients.

Choice of doctors and other providers

You know your health care needs best, so it is best if you choose your PCP. It is best to stay with one PCP so they can get to know your health care needs. If you want to change to a new PCP, you can change anytime. You must choose a PCP who is in the Alliance provider network and is taking new patients.

Your new choice will become your PCP on the first day of the next month after you make the change.

To change your PCP, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711) or go online at www.thealliance.health.

The Alliance can change your PCP if the PCP is not taking new patients, has left the Alliance network, does not give care to patients your age, or if there are quality concerns with the PCP that are not resolved. The Alliance or your PCP might also ask you to change to a new PCP if you cannot get along with or agree with your PCP, or if you miss or are late to appointments. If the Alliance needs to change your PCP, the Alliance will tell you in writing.

If your PCP changes, you will get a letter and new Alliance member ID card in the mail. It will have the name of your new PCP. Call member services if you have questions about getting a new ID card.

Some things to think about when picking a PCP:

- Does the PCP take care of children?
- Does the PCP work at a clinic I like to use?
- Is the PCP's office close to my home, work, or my children's school?
- Is the PCP's office near where I live and is it easy to get to the PCP's office?

Call member services at 1-800-700-3874 (TTY 1-800-735-2929).

Central California Alliance for Health is here 8 AM – 5:30 PM, Monday through Friday. The call is free.

Or call the California Relay Line at 711. Visit online at www.thealliance.health.

- Do the doctors and staff speak my language?
- Does the PCP work with a hospital I like?
- Does the PCP provide the services I need?
- Do the PCP's office hours fit my schedule?
- Does the PCP work with specialists I use?

Initial Health Appointment (IHA)

The Alliance recommends that, as a new member, you visit your new PCP within 120 days for an Initial Health Appointment (IHA). The purpose of the IHA is to help your PCP learn your health care history and needs. Your PCP might ask you questions about your health history or may ask you to complete a questionnaire. Your PCP will also tell you about health education counseling and classes that can help you.

When you call to schedule your IHA appointment, tell the person who answers the phone that you are a member of the Alliance. Give your Alliance ID number.

Take your BIC and Alliance ID card to your appointment. It is a good idea to take a list of your medicine and questions with you to your visit. Be ready to talk with your PCP about your health care needs and concerns.

Be sure to call your PCP's office if you are going to be late or cannot go to your appointment.

If you have questions about IHA, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

Routine care

Routine care is regular health care. It includes preventive care, also called wellness or well care. It helps you stay healthy and helps keep you from getting sick. Preventive care includes regular checkups, health education, and counseling.

The Alliance recommends that children, especially, get regular routine and preventive care. The Alliance members can get all recommended early preventive services recommended by the American Academy of Pediatrics and the Centers for Medicare and Medicaid Services. These screenings include hearing and vision screening, which can help ensure healthy development and learning. For a list of pediatrician-recommended services, read the "Bright Futures" guidelines from the American Academy of Pediatrics at https://downloads.aap.org/AAP/PDF/periodicity_schedule.pdf.

Call member services at 1-800-700-3874 (TTY 1-800-735-2929).

Central California Alliance for Health is here 8 AM – 5:30 PM, Monday through Friday. The call is free.

Or call the California Relay Line at 711. Visit online at www.thealliance.health.

Routine care also includes care when you are sick. The Alliance covers routine care from your PCP.

Your PCP will:

- Give you most of your routine care, including regular checkups, shots, treatment, prescriptions, and medical advice
- Keep your health records
- Refer (send) you to specialists if needed
- Order X-rays, mammograms, or lab work if you need them

When you need routine care, you will call your doctor for an appointment. Be sure to call your PCP before you get medical care unless it is an emergency. For an emergency, call **911** or go to the nearest emergency room.

To learn more about health care and services your plan covers, and what it does not cover, read Chapter 4, “Benefits and services” and Chapter 5, “Child and youth well care” in this handbook.

All Alliance providers can use aids and services to communicate with people with disabilities. They can also communicate with you in another language or format. Tell your provider or the Alliance what you need.

Provider network

The Medi-Cal provider network is the group of doctors, hospitals, and other providers that work with the Alliance to provide Medi-Cal covered services to Medi-Cal members.

The Alliance is a managed care health plan. You must get most of your covered services through the Alliance from our in-network providers. You can go to an out-of-network provider without a referral or pre-approval for emergency care or for family planning services. You can also go to an out-of-network provider for out-of-area urgent care when you are in an area that we do not serve. You must have a referral or pre-approval for all other out-of-network services, or they will not be covered.

Note: American Indians can choose an IHCP as their PCP, even if the IHCP is not in

the Alliance network.

If your PCP, hospital, or other provider has a moral objection to providing you with a covered service, such as family planning or abortion, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). For more about moral objections, read “Moral objection” later in this chapter.

If your provider has a moral objection to giving you covered health care services, they can help you find another provider who will give you the services you need. The Alliance can also help you find a provider who will perform the service.

In-network providers

You will use providers in the Alliance network for most of your health care needs. You will get preventive and routine care from in-network providers. You will also use specialists, hospitals, and other providers in the Alliance network.

To get a Provider Directory of in-network providers, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). You can also find the Provider Directory online at <https://thealliance.health/for-members/get-started/find-a-doctor/>. To get a copy of the Contract Drugs List, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711. Or go to the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

You must get pre-approval (prior authorization) from the Alliance before you go to a provider outside the Alliance network, including inside the Alliance service area, except in these cases:

- If you need emergency care, call 911 or go to the nearest hospital.
- If you are outside the Alliance service area and need urgent care, go to any urgent care facility.
- If you need family planning services, go to any Medi-Cal provider without pre-approval (prior authorization).
- If you need mental health services, go to an in-network provider or a county mental health plan provider, without pre-approval (prior authorization).

If you are not in one of the cases listed above and you do not get pre-approval (prior authorization) before getting care from a provider outside the network, you might be responsible for paying for any care you got from out-of-network providers.

Out-of-network providers who are inside the service area

Out-of-network providers are health care providers that do not have an agreement to

work with the Alliance. Except for emergency care, you might have to pay for any care you get from out-of-network providers. If you need medically necessary health care services that are not available in the network, you might be able to get them from an out-of-network provider at no cost to you.

The Alliance may approve a referral to an out-of-network provider if the services you need are not available in-network or are located very far from your home. If we give you a referral to an out-of-network provider, we will pay for your care.

For urgent care inside the Alliance service area, you must go to an Alliance in-network urgent care provider. You do not need pre-approval (prior authorization) to get urgent care from an in-network provider. You do need to get pre-approval (prior authorization) to get urgent care from an out-of-network provider inside the Alliance service area.

If you get urgent care from an out-of-network provider inside the Alliance service area, you might have to pay for that care. You can read more about emergency care, urgent care, and sensitive care services in this chapter.

Note: If you are an American Indian, you can get care at an IHCP outside of our provider network without a referral. An out-of-network IHCP can also refer American Indian members to an in-network provider without first requiring a referral from an in-network PCP.

If you need help with out-of-network services, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

Outside the service area

If you are outside of the Alliance service area and need care that is **not** an emergency or urgent, call your PCP right away. Or call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). Our service areas are Mariposa, Merced, Monterey, San Benito, and Santa Cruz counties.

For emergency care, call **911** or go to the nearest emergency room. The Alliance covers out-of-network emergency care. If you travel to Canada or Mexico and need emergency care requiring hospitalization, the Alliance will cover your care. If you are traveling abroad outside of Canada or Mexico and need emergency care, urgent care, or any health care services the Alliance will **not** cover your care.

If you paid for emergency care requiring hospitalization in Canada or Mexico, you can ask the Alliance to pay you back. The Alliance will review your request.

If you are in another state or are in a US Territory such as American Samoa, Guam,

Northern Mariana Islands, Puerto Rico, or US Virgin Islands, you are covered for emergency care. Not all hospitals and doctors accept Medicaid. (Medi-Cal is what Medicaid is called in California only.) If you need emergency care outside of California, tell the hospital or emergency room doctor as soon as possible that you have Medi-Cal and are a member of the Alliance.

Ask the hospital to make copies of your Alliance ID card. Tell the hospital and the doctors to bill the Alliance. If you get a bill for services you got in another state, call the Alliance right away. We will work with the hospital and/or doctor to arrange for the Alliance to pay for your care.

If you are outside of California and have an emergency need to fill outpatient prescription drugs, have the pharmacy call Medi-Cal Rx at 1-800-977-2273.

Note: American Indians may get services at out-of-network IHCPs.

California Children’s Services (CCS) Program is a state program that treats children under 21 years of age who have certain health conditions, diseases, or chronic health problems and meet the CCS program rules. If you need health care services for a CCS eligible medical condition and the Alliance does not have a CCS-paneled specialist in the network who can provide the care you need, you may be able to go to a provider outside of the provider network at no cost to you. To learn more about the CCS program, read Chapter 4, “Benefits and services” in this handbook.

If you have questions about out-of-network or out-of-service-area care, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). If the office is closed and you want help from a representative, call the Alliance Nurse Advice Line at 1-844-971-8907.

If you need urgent care out of the Alliance service area, go to the nearest urgent care facility. If you are traveling outside the United States and need urgent care, the Alliance will not cover your care. For more on urgent care, read “Urgent care” later in this chapter.

How managed care works

The Alliance is a managed care plan. The Alliance provides care to members who live or work in Mariposa, Merced, Monterey, San Benito, or Santa Cruz counties. In managed care, your PCP, specialists, clinic, hospital, and other providers work together to care for you.

The Alliance contracts with medical groups to provide care to Alliance members. A

medical group is made up of doctors who are PCPs and specialists. The medical group works with other providers such as laboratories and durable medical equipment suppliers. The medical group is also connected with a hospital. Check your Alliance ID card for the names of your PCP, medical group, and hospital.

When you join the Alliance, you choose or are assigned to a PCP. Your PCP is part of a medical group. Your PCP and medical group direct the care for all of your medical needs. Your PCP may refer you to specialists or order lab tests and X-rays. If you need services that require pre-approval (prior authorization), the Alliance or your medical group will review the pre-approval (prior authorization) and decide whether to approve the service.

In most cases, you must go to specialists and other health professionals who work with the same medical group as your PCP. Except for emergencies, you must also get hospital care from the hospital connected with your medical group.

Sometimes, you might need a service that is not available from a provider in the medical group. In that case, your PCP will refer you to a provider who is in another medical group or is outside the network. Your PCP will ask for pre-approval (prior authorization) for you to go to this provider.

In most cases, you must have prior authorization from your PCP, medical group, or the Alliance before you can go to an out-of-network provider or a provider who is not part of your medical group. You do not need pre-approval (prior authorization) for emergency services, family planning services, or in-network mental health services.

Doctors

You will choose a doctor from the Alliance Provider Directory as your PCP. The doctor you choose must be an in-network provider. To get a copy of the Alliance Provider Directory, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). Or find it online at www.thealliance.health. If you are choosing a new PCP, you should also call the PCP you want to make sure they are taking new patients.

If you had a doctor before you were a member of the Alliance, and that doctor is not part of the Alliance network, you might be able to keep that doctor for a limited time. This is called continuity of care. You can read more about continuity of care in this handbook. To learn more, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

If you need a specialist, your PCP will refer you to a specialist in the Alliance network. Some specialists do not require a referral. For more on referrals, read “Referrals” later in this chapter.

Or call the California Relay Line at 711. Visit online at www.thealliance.health.

Remember, if you do not choose a PCP, the Alliance will choose one for you, unless you have other comprehensive health coverage in addition to Medi-Cal. You know your health care needs best, so it is best if you choose. If you are in both Medicare and Medi-Cal, or if you have other health care insurance, you do not have to choose a PCP from the Alliance.

If you want to change your PCP, you must choose a PCP from the Alliance Provider Directory. Be sure the PCP is taking new patients. To change your PCP, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). Visit online at <https://thealliance.health/for-members/get-started/find-a-doctor/>.

Hospitals

In an emergency, call **911** or go to the nearest hospital.

If it is not an emergency and you need hospital care, your PCP will decide which hospital you go to. You will need to go to a hospital that your PCP uses and is in the Alliance provider network. The Provider Directory lists the hospitals in the Alliance network.

Women's health specialists

You can go to a women's health specialist in the Alliance's network for covered care necessary to provide women's routine care services. You do not need a referral or authorization from your PCP to get these services. For help finding a women's health specialist, you can call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). You can also call the 24/7 Alliance Nurse Advice Line at 1-844-971-8907.

Provider Directory

The Alliance Provider Directory lists providers in the Alliance network. The network is the group of providers that work with the Alliance.

The Alliance Provider Directory lists hospitals, PCPs, specialists, nurse practitioners, nurse midwives, physician assistants, doulas, family planning providers, FQHCs, outpatient mental health providers, managed long-term services and supports (MLTSS), Freestanding Birth Centers (FBCs), IHCPs, RHCs, and Street Medicine Providers.

The Provider Directory has Alliance in-network provider names, specialties, addresses, phone numbers, business hours, and languages spoken. It tells you if the provider is taking new patients. It also gives the physical accessibility for the building, such as parking, ramps, stairs with handrails, and restrooms with wide doors and grab bars. To

Timely access to care

Your in-network provider must provide timely access to care based on your health care needs. At minimum, they must offer you an appointment listed in the time frames in the table below.

Appointment type	You should be able to get an appointment within:
Urgent care appointments that do not require pre-approval (prior authorization)	48 hours
Urgent care appointments that do require pre-approval (prior authorization)	96 hours
Non-urgent (routine) primary care appointments	10 business days
Non-urgent (routine) specialist care appointments	15 business days
Non-urgent (routine) mental health provider (non-doctor) care appointments	10 business days
Non-urgent (routine) mental health provider (non-doctor) follow-up care appointments	10 business days of last appointment
Non-urgent (routine) appointments for ancillary (supporting) services for the diagnosis or treatment of injury, illness, or other health condition	15 business days

Other wait time standards	You should be able to get connected within:
Member services telephone wait times during normal business hours	10 minutes
Telephone wait times for the Alliance Nurse Advice Line	30 minutes (connected to nurse)

Sometimes waiting longer for an appointment is not a problem. Your provider might give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health. Also, if you prefer to wait for a later appointment that will better fit your schedule or go to another provider of your choice, your provider or your managed care plan will respect your wish.

Your doctor may recommend a specific schedule for preventive services, follow-up care for ongoing conditions or standing referrals to specialists, depending on your needs.

Tell us if you need interpreter services when you call the Alliance or when you get covered services. Interpreter services, including sign language, are available at no cost to you. We highly discourage the use of minors or family members as interpreters. To learn more about interpreter services we offer, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

If you need interpreter services, including sign language, at a Medi-Cal Rx pharmacy, call Medi-Cal Rx Customer Service at 1-800-977-2273, 24 hours a day, 7 days a week. TTY users can call 711, Monday through Friday, 8 a.m. to 5 p.m.

Travel time or distance to care

The Alliance must follow travel time or distance standards for your care. Those standards help make sure you can get care without having to travel too far from where you live. Travel time or distance standards depend on the county you live in.

If the Alliance is not able to provide care to you within these travel time or distance standards, DHCS may allow a different standard, called an alternative access standard. For the Alliance's time or distance standards for where you live, visit www.thealliance.health. Or call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

If you need care from a provider located far from where you live, call member services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). They can help you find care with a provider located closer to you. If the Alliance cannot find care for you from a closer provider, you can ask the Alliance to arrange transportation for you to go to your provider, even if that provider is located far from where you live.

If you need help with pharmacy providers, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711.

It is considered far if you cannot get to that provider within the Alliance's travel time or distance standards for your county, regardless of any alternative access standard the Alliance might use for your ZIP Code.

- Leave a message with your name and phone number if the office is closed
- Take your BIC and Alliance ID card to your appointment
- Ask for transportation to your appointment, if needed
- Ask for needed language assistance or interpreting services before your appointment to have the services at the time of your visit
- Be on time for your appointment, arrive a few minutes early to sign in, fill out forms, and answer any questions your PCP may have
- Call right away if you cannot keep your appointment or will be late
- Have your questions and medication information ready

If you have an emergency, call **911** or go to the nearest emergency room. If you need help deciding how urgently you need care and your PCP is not available to speak with you, call the Alliance Nurse Advice Line.

Getting to your appointment

If you don't have a way to get to and from your appointments for covered services, the Alliance can help arrange transportation for you. Depending on your situation, you may qualify for either Medical Transportation or for Non-Medical Transportation. These transportation services are not for emergencies and may be available at no cost to you.

If you are having an emergency, call **911**. Transportation is available for services and appointments not related to emergency care. They may be available at no cost to you.

To learn more, read, "Transportation benefits for situations that are not emergencies" below.

Canceling and rescheduling

If you can't get to your appointment, call your provider's office right away. Most doctors require you to call 24 hours (1 business day) before your appointment if you have to cancel. If you miss repeated appointments, your doctor might stop providing care to you and you will have to find a new doctor.

Payment

You do **not** have to pay for covered services unless you have a share of cost for long-

term care. To learn more, read “For members with long-term care and a share of cost” in Chapter 2. In most cases, you will not get a bill from a provider. You must show your Alliance ID card and your Medi-Cal BIC when you get health care services or prescriptions, so your provider knows who to bill. You can get an Explanation of Benefits (EOB) or a statement from a provider. EOBs and statements are not bills.

If you do get a bill, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). If you get a bill for prescriptions, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711. Or visit the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

Tell the Alliance the amount you are being charged, the date of service, and the reason for the bill. You do not need to pay providers for any amount owed by the Alliance for any covered service. You must get pre-approval (prior authorization) from the Alliance before you visit an out-of-network provider except when:

- You need emergency services, in which case dial 911 or go to the nearest hospital
- You need family planning services or services related to testing for sexually transmitted infections, in which case you can go to any Medi-Cal provider without pre-approval (prior authorization)
- You need mental health services, in which case you can go to an in-network provider or to a county mental health plan provider without pre-approval (prior authorization)

If you get care from an out-of-network provider and you did not get pre-approval (prior authorization) from the Alliance, you might have to pay for the care you got. If you need to get medically necessary care from an out-of-network provider because it is not available in the Alliance network, you will not have to pay as long as the care is a Medi-Cal covered service and you got pre-approval (prior authorization) from the Alliance for it. To learn more about emergency care, urgent care, and sensitive services, go to those headings in this chapter.

If you get a bill or are asked to pay a co-pay you don't think you have to pay, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). If you pay the bill, you can file a claim form with the Alliance. You will need to tell the Alliance in writing why you had to pay for the item or service. The Alliance will read your claim and decide if you can get money back.

For questions or to ask for a claim form, call Member Services at 1-800-700-3874 (TTY

1-800-735-2929 or 711).

If you get services in the Veterans Affairs system or get non-covered or unauthorized services outside of California, you might be responsible for payment. The Alliance will not pay you back if:

- The services are not covered by Medi-Cal such as cosmetic services
- You have an unmet Medi-Cal share of cost
- You went to a doctor who does not take Medi-Cal and you signed a form that said you want to be seen anyway and you will pay for the services yourself
- You asked to be paid back for co-pays for prescriptions covered by your Medicare Part D plan

Referrals

If you need a specialist for your care, your PCP or another specialist will give you a referral to one. A specialist is a provider who focuses on one type of health care service. The doctor who refers you will work with you to choose a specialist. To help make sure you can go to a specialist in a timely way, DHCS sets time frames for members to get appointments. These time frames are listed in “Timely access to care” in this handbook. Your PCP’s office can help you set up an appointment with a specialist.

Other services that might need a referral include in-office procedures, X-rays, and lab work.

Your PCP might give you a form to take to the specialist. The specialist will fill out the form and send it back to your PCP. The specialist will treat you for as long as they think you need treatment.

If you have a health problem that needs special medical care for a long time, you might need a standing referral. This means you can go to the same specialist more than once without getting a referral each time.

If you have trouble getting a standing referral or want a copy of the Alliance referral policy, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

You do **not** need a referral for:

- PCP visits
- Obstetrics/Gynecology (OB/GYN) visits
- Urgent or emergency care visits
- Adult sensitive services, such as sexual assault care

Call member services at 1-800-700-3874 (TTY 1-800-735-2929).

- HIV testing and counseling (12 years or older)
- Sexually transmitted infection services (12 years or older)
- Chiropractic services (a referral may be required when provided by out-of-network FQHCs, RHCs, and IHCPs)
- Initial mental health assessment
- Routine Vision Exam

Minors can also get certain outpatient mental health services, sensitive services, and substance use disorder services without parent’s consent. To learn more, read “Minor consent services” in this chapter and “Substance use disorder treatment services” in Chapter 4 of this handbook.

California Cancer Equity Act referrals

Effective treatment of complex cancers depends on many factors. These include getting the right diagnosis and getting timely treatment from cancer experts. If you are diagnosed with a complex cancer, the new California Cancer Care Equity Act allows you to ask for a referral from your doctor to get cancer treatment from an in-network National Cancer Institute (NCI)-designated cancer center, NCI Community Oncology Research Program (NCORP)-affiliated site, or a qualifying academic cancer center.

If the Alliance does not have an in-network NCI-designated cancer center, the Alliance will allow you to ask for a referral to get cancer treatment from one of these out-of-network centers in California, if one of the out-of-network centers and the Alliance agree on payment, unless you choose a different cancer treatment provider. If you have been diagnosed with cancer, contact the Alliance to find out if you qualify for services from one of these cancer centers.

Pre-approval (prior authorization)

For some types of care, your PCP or specialist will need to ask the Alliance for permission before you get the care. This is called asking for pre-approval or prior authorization. It means the Alliance must make sure the care is medically necessary (needed).

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness, or injury. For members under age 21, Medi-Cal services include care that is medically necessary to fix or help relieve a physical or mental illness or condition.

The following services always need pre-approval (prior authorization), even if you get them from a provider in the Alliance network:

- Hospitalization, if not an emergency
- Services out of the Alliance service area, if not an emergency or urgent care
- Outpatient surgery
- Long-term care or skilled nursing services at a nursing facility
- Specialized treatments, imaging, testing, and procedures
- Medical transportation services when it is not an emergency

Emergency ambulance services do not require pre-approval (prior authorization).

Under Health and Safety Code Section 1367.01(h)(1), the Alliance has 5 business days from when the Alliance gets the information reasonably needed to decide (approve or deny) pre-approval (prior authorization) requests. For requests a provider made or when the Alliance finds that following the standard time frame could seriously endanger your life or health or ability to attain, maintain, or regain maximum function, the Alliance will make an expedited (fast) pre-approval (prior authorization) decision.

The Alliance will give you notice as quickly as your health condition requires and no later than 72 hours after getting the request for services.

Clinical or medical staff such as doctors, nurses, and pharmacists review pre-approval (prior authorization) requests.

The Alliance does not influence the reviewers' decision to deny or approve coverage or services in any way. If the Alliance does not approve the request, the Alliance will send you a Notice of Action (NOA) letter. The NOA will tell you how to file an appeal if you do not agree with the decision.

Call member services at 1-800-700-3874 (TTY 1-800-735-2929).

Or call the California Relay Line at 711. Visit online at www.thealliance.health.

The Alliance will contact you if the Alliance needs more information or more time to review your request.

You never need pre-approval (prior authorization) for emergency care, even if it is out of the network or out of your service area. This includes labor and delivery if you are pregnant. You do not need pre-approval (prior authorization) for certain sensitive care services. To learn more about sensitive care services, read “Sensitive care” later in this chapter.

For questions about pre-approval (prior authorization), call Member services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

Second opinions

You might want a second opinion about care your provider says you need or about your diagnosis or treatment plan. For example, you might want a second opinion if you want to make sure your diagnosis is correct, you are not sure you need a prescribed treatment or surgery, or you have tried to follow a treatment plan and it has not worked.

If you want to get a second opinion, we will refer you to a qualified in-network provider who can give you a second opinion. For help choosing a provider, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

The Alliance will pay for a second opinion if you or your in-network provider asks for it, and you get the second opinion from an in-network provider. You do not need pre-approval (prior authorization) from the Alliance to get a second opinion from an in-network provider. Your in-network provider can help you get a referral for a second opinion if you need one.

If there is no provider in the Alliance network who can give you a second opinion, the Alliance will pay for a second opinion from an out-of-network provider. The Alliance will tell you within 5 business days if the provider you choose for a second opinion is approved. If you have a chronic, severe, or serious illness, or have an immediate and serious threat to your health, including, but not limited to, loss of life, limb, or major body part or bodily function, the Alliance will tell you in writing within 72 hours.

If the Alliance denies your request for a second opinion, you can file a grievance. To learn more about grievances, read “Complaints” in Chapter 6 of this handbook.

Sensitive care

Minor consent services

If you are under age 18, you can get some services without a parent’s or guardian’s permission. These services are called minor consent services.

You may get these services without your parent or guardian’s permission:

- Sexual assault services, including outpatient mental health care
- Pregnancy
- Family planning and birth control
- Abortion services

If you are 12 years old or older, you may also get these services without your parent’s or guardian’s permission:

- Outpatient mental health care for:
 - Sexual assault
 - Incest
 - Physical assault
 - Child abuse
 - When you have thoughts of hurting yourself or others
- HIV/AIDS prevention, testing, and treatment
- Sexually transmitted infections prevention, testing, and treatment
- Substance use disorder treatment
 - To learn more, read “Substance use disorder treatment services” in Chapter 4 of this handbook.

For pregnancy testing, family planning services, birth control services, or services for sexually transmitted infections, the doctor or clinic does not have to be in the Alliance network. You can choose any Medi-Cal provider and go to them for these services without a referral or pre-approval (prior authorization).

For minor consent services that are not specialty mental health services, you can go to an in-network provider without a referral and without pre-approval (prior authorization). Your PCP does not have to refer you and you do not need to get pre-approval (prior authorization) from the Alliance to get covered minor consent services.

Minor consent services that are specialty mental health services are not covered. Specialty mental health services are covered by the county mental health plan for the county where you live.

Call member services at 1-800-700-3874 (TTY 1-800-735-2929).

Central California Alliance for Health is here 8 AM – 5:30 PM, Monday through Friday. The call is free.

Minors can talk to a representative in private about their health concerns by calling the 24/7 Alliance Nurse Advice Line at 1-844-971-8907 (toll free).

The Alliance will not send information about getting sensitive services to parents or guardians. To learn more about how to ask for confidential communications related to sensitive services, read “Notice of privacy practices” in Chapter 7 of this handbook.

Adult sensitive care services

As an adult 18 years or older, you may not want to go to your PCP for certain sensitive or private care. You can choose any doctor or clinic for these types of care:

- Family planning and birth control including sterilization for adults 21 and older
- Pregnancy testing and counseling
- HIV/AIDS prevention and testing
- Sexually transmitted infections prevention, testing, and treatment
- Sexual assault care
- Outpatient abortion services

For sensitive care, the doctor or clinic does not have to be in the Alliance network. You can choose to go to any Medi-Cal provider for these services without a referral or pre-approval (prior authorization) from the Alliance. If you got care not listed here as sensitive care from an out-of-network provider, you might have to pay for it.

If you need help finding a doctor or clinic for these services, or help getting to these services (including transportation), call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). Or call the 24/7 Alliance Nurse Advice Line at 1-844-971-8907 (toll free).

The Alliance will not disclose medical information related to sensitive services to any other member without written authorization from you, the member receiving care. To learn more about how to ask for confidential communications related to sensitive services, read “Notice of privacy practices” in Chapter 7.

Moral objection

Some providers have a moral objection to some covered services. They have a right to **not** offer some covered services if they morally disagree with the services. If your provider has a moral objection, they will help you find another provider for the needed services. The Alliance can also help you find a provider.

Some hospitals and providers do not provide one or more of these services even if they are covered by Medi-Cal:

- Family planning
- Contraceptive services, including emergency contraception
- Sterilization, including tubal ligation at the time of labor and delivery
- Infertility treatments
- Abortion

To make sure you choose a provider who can give you the care you and your family needs, call the doctor, medical group, independent practice association, or clinic you want. Or call the Alliance at 1-800-700-3874 (TTY 1-800-735-2929 or 711). Ask if the provider can and will provide the services you need.

These services are available to you. The Alliance will make sure you and your family members can use providers (doctors, hospitals, clinics) who will give you the care you need. If you have questions or need help finding a provider, call the Alliance at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

Urgent care

Urgent care is **not** for an emergency or life-threatening condition. It is for services you need to prevent serious damage to your health from a sudden illness, injury, or complication of a condition you already have. Most urgent care appointments do not need pre-approval (prior authorization). If you ask for an urgent care appointment, you will get an appointment within 48 hours. If the urgent care services you need require a pre-approval (prior authorization), you will get an appointment within 96 hours of your request.

For urgent care, call your PCP. If you cannot reach your PCP, call the Alliance at 1-800-700-3874 (TTY 1-800-735-2929 or 711). Or you can call the Alliance Nurse Advice Line at 1-844-971-8907 (toll free) , to learn the level of care that is best for you. If an urgent visit is required, you can find Urgent Visit Access Offices in our online Provider Directory at <https://provider.portal.ccah-alliance.org/providerdirectory/>.

If you need urgent care out of the area, go to the nearest urgent care facility.

Urgent care needs could be:

- Cold
- Sore throat
- Fever

- Ear pain
- Sprained muscle
- Maternity services

You must get urgent care services from an in-network provider when you are inside the Alliance's service area. You do not need pre-approval (prior authorization) for urgent care from in-network providers inside the Alliance's service area. If you are outside the Alliance service area, but inside the United States, you do not need pre-approval (prior authorization) to get urgent care.

Go to the nearest urgent care facility. Medi-Cal does not cover urgent care services outside the United States. If you are traveling outside the United States and need urgent care, we will not cover your care.

If you need mental health urgent care, call your county mental health plan or Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). Call your county mental health plan or your Alliance Behavioral Health Organization any time, 24 hours a day, 7 days a week. To find all counties' toll-free telephone numbers online, go to: <http://www.dhcs.ca.gov/individuals/Pages/MHPContaktList.aspx>.

If you get medicines as part of your covered urgent care visit, the Alliance will cover them as part of your covered visit. If your urgent care provider gives you a prescription to take to a pharmacy, Medi-Cal Rx will decide if it is covered. To learn more about Medi-Cal Rx, read "Prescription drugs covered by Medi-Cal Rx" in "Other Medi-Cal programs and services" in Chapter 4.

Emergency care

For emergency care, call **911** or go to the nearest emergency room (ER). For emergency care, you do **not** need pre-approval (prior authorization) from the Alliance.

Inside the United States, including any United States Territory, you have the right to use any hospital or other setting for emergency care.

If you are outside the United States, only emergency care requiring hospitalization in Canada and Mexico are covered. Emergency care and other care in other countries are not covered.

Emergency care is for life-threatening medical conditions. This care is for an illness or injury that a prudent (reasonable) layperson (not a health care professional) with

average knowledge of health and medicine could expect that, if you don't get care right away, you would place your health (or your unborn baby's health) in serious danger. This includes risking serious harm to your bodily functions, body organs or body parts. Examples may include, but are not limited to:

- Active labor
- Broken bone
- Severe pain
- Chest pain
- Trouble breathing
- Severe burn
- Drug overdose
- Fainting
- Severe bleeding
- Psychiatric emergency conditions, such as severe depression or suicidal thoughts (this may be covered by county mental health plans)

Do **not** go to the ER for routine care or care that is not needed right away. You should get routine care from your PCP, who knows you best. If you are not sure if your medical condition is an emergency, call your PCP. You can also call the 24/7 Alliance Nurse Advice Line at 1-844-971-8907 (toll free).

If you need emergency care away from home, go to the nearest ER even if it is not in the Alliance network. If you go to an ER, ask them to call the Alliance. You or the hospital that admitted you should call the Alliance within 24 hours after you get emergency care. If you are traveling outside the United States other than to Canada or Mexico and need emergency care, the Alliance will **not** cover your care.

If you need emergency transportation, call **911**. You do not need to ask your PCP or the Alliance before you go to the ER.

If you need care in an out-of-network hospital after your emergency (post-stabilization care), the hospital will call the Alliance.

Remember: Do not call **911** unless it is an emergency. Get emergency care only for an emergency, not for routine care or a minor illness like a cold or sore throat. If it is an emergency, call **911** or go to the nearest emergency room.

The Alliance Nurse Advice Line

The Alliance Nurse Advice Line can give you free medical information and advice 24 hours a day, every day of the year. Call 1-844-971-8907 (TTY Dial 711) to:

- Talk to a nurse who will answer medical questions, give care advice, and help you decide if you should go to a provider right away
- Get help with medical conditions such as diabetes or asthma, including advice about what kind of provider may be right for your condition

They will ask for your ID number and your date of birth. Have this information ready when you call the Alliance Nurse Advice Line. The Nurse Advice Line **cannot** help with clinic appointments or medicine refills. Call your provider's office if you need help with these.

Advance directives

An advance health directive is a legal form. You can list on the form the health care you want in case you cannot talk or make decisions later. You can also list what care you do **not** want. You can name someone, such as a spouse, to make decisions for your health care if you cannot.

You can get an advance directive form at pharmacies, hospitals, law offices, and doctors' offices. You might have to pay for the form. You can also find and download a free form online. You can ask your family, PCP, or someone you trust to help you fill out the form.

You have the right to have your advance directive placed in your medical records. You have the right to change or cancel your advance directive at any time.

You have the right to learn about changes to advance directive laws. The Alliance will tell you about changes to the state law no longer than 90 days after the change.

4. Benefits and services

What your health plan covers

This chapter explains your covered services as a member of the Alliance. Your covered services are free as long as they are medically necessary and provided by an in-network provider. You must ask us for pre-approval (prior authorization) if the care is out-of-network except for certain sensitive services and emergency care. Your health plan might cover medically necessary services from an out-of-network provider, but you must ask the Alliance for pre-approval (prior authorization) for this.

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness, or injury. For members under the age of 21, Medi-Cal services include care that is medically necessary to fix or help relieve a physical or mental illness or condition. For more on your covered services, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

Members under 21 years old get extra benefits and services. To learn more, read Chapter 5, “Child and youth well care.”

Some of the basic health benefits the Alliance offers are listed below. Benefits with a star (*) need pre-approval (prior authorization).

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness, or injury.

Medically necessary services include those services that are necessary for age-appropriate growth and development, or to attain, maintain, or regain functional capacity.

For members under 21 years of age, a service is medically necessary if it is necessary to correct or improve defects and physical and mental illnesses or conditions under the federal Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit. This includes care that is necessary to fix or help relieve a physical or mental illness or condition or maintain the member's condition to keep it from getting worse.

Medically necessary services do not include:

- **Treatments that are untested or still being tested**
- **Services or items not generally accepted as effective**
- **Services outside the normal course and length of treatment or services that don't have clinical guidelines**
- **Services for caregiver or provider convenience**

The Alliance coordinates with other programs to be sure you get all medically necessary services, even if those services are covered by another program and not the Alliance.

Medically necessary services include covered services that are reasonable and necessary to:

- **Protect life,**
- **Prevent significant illness or significant disability,**
- **Alleviate severe pain,**
- **Achieve age-appropriate growth and development, or**
- **Attain, maintain, and regain functional capacity**

For members younger than 21 years old, medically necessary services include all covered services listed above plus any other necessary health care, diagnostic services, treatment, and other measures to correct or improve defects and physical and mental illnesses and conditions, the federal Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit requires.

EPSDT provides prevention, diagnostic, and treatment services for low-income infants, children, and adolescents under age 21. EPSDT covers more services than the benefit for adults. It is designed to make sure children get early detection and care to prevent or diagnose and treat health problems. The EPSDT goal is to make sure every child gets the health care they need when they need it – the right care to the right child at the right time in the right setting.

The Alliance will coordinate with other programs to make sure you get all medically necessary services, even if another program covers those services and the Alliance does not. Read “Other Medi-Cal programs and services” in this chapter.

Medi-Cal benefits covered by the Alliance

Dyadic services

The Alliance covers medically necessary dyadic behavioral health (DBH) care services for members and their caregivers. A dyad is a child and their parents or caregivers. You can get many services through telehealth.

You are not required to use telehealth even if your provider agrees that it is appropriate for you.

Mental health services

Outpatient mental health services

The Alliance covers initial mental health assessments without needing pre-approval (prior authorization). You can get a mental health assessment at any time from a licensed mental health provider in the Alliance network without a referral.

Your PCP or mental health provider might make a referral for more mental health screening to a specialist in the Alliance network to decide the level of care you need. If treatment you need for a mental health disorder is not available in the Alliance network or your PCP or mental health provider cannot give the care you need in the time listed above in “Timely access to care,” the Alliance will cover and help you get out-of-network services.

If your mental health screening shows that you may have a higher level of impairment and need specialty mental health services (SMHS), your PCP or your mental health provider can refer you to the county mental health plan to get the care you need.

To learn more, read “Other Medi-Cal programs and services” on page 87 under, “Specialty mental health services.”

Emergency care

Inpatient and outpatient services needed to treat a medical emergency

The Alliance covers all services needed to treat a medical emergency that happens in the U.S. (including territories such as Puerto Rico, U.S. Virgin Islands, etc.). The Alliance also covers emergency care that requires hospitalization in Canada or Mexico. A medical emergency is a medical condition with severe pain or serious injury. The condition is so serious that, if it does not get immediate medical attention, a prudent (reasonable) layperson (not a health care professional) could expect it to result in:

- Serious risk to your health,
- Serious harm to bodily functions,
- Serious dysfunction of any bodily organ or part, or
- Serious risk in cases of a pregnant person in active labor, meaning labor at a time when either of the following would occur:
 - There is not enough time to safely transfer you to another hospital before delivery.
 - The transfer might pose a threat to your health or safety or to that of your unborn child.

If a hospital emergency room provider gives you up to a 72-hour supply of an outpatient prescription drug as part of your treatment, the Alliance will cover the prescription drug as part of your covered Emergency Services. If a hospital emergency room provider gives you a prescription that you have to take to an outpatient pharmacy to be filled, Medi-Cal Rx will cover that prescription.

If a pharmacist at an outpatient pharmacy gives you an **emergency supply** of a medication, that emergency supply will be covered by Medi-Cal Rx and not the Alliance. If the pharmacy needs help giving you an emergency medication supply, have them call Medi-Cal Rx at 1-800-977-2273.

Emergency transportation services

The Alliance covers ambulance services to help you get to the nearest place of care in an emergency. This means your condition is serious enough that other ways of getting to a place of care could risk your health or life. No services are covered outside the U.S. except emergency care that requires you to be in the hospital in Canada or Mexico. If you get emergency ambulance services in Canada or Mexico and you are not hospitalized during that care episode, the Alliance will not cover your ambulance services.

Hospice and palliative care

The Alliance covers hospice care and palliative care for children and adults, which help reduce physical, emotional, social, and spiritual discomforts. Adults ages 21 years or older may not get hospice care and palliative care services at the same time.

Hospice care

Hospice care is a benefit for terminally ill members. Hospice care requires the member to have a life expectancy of 6 months or less. It is an intervention that focuses mainly on pain and symptom management rather than on a cure to prolong life.

Hospice care includes:

- Nursing services
- Physical, occupational, or speech services
- Medical social services
- Home health aide and homemaker services
- Medical supplies and appliances
- Some drugs and biological services (some may be available through Medi-Cal Rx)
- Counselling services
- Continuous nursing services on a 24-hour basis during periods of crisis and as necessary to maintain the terminally ill member at home
- Inpatient respite care for up to five consecutive days at a time in a hospital,

- skilled nursing facility, or hospice facility
- Short-term inpatient care for pain control or symptom management in a hospital, skilled nursing facility, or hospice facility

Palliative care

Palliative care is patient and family-centered care that improves quality of life by anticipating, preventing, and treating suffering. Palliative care does not require the member to have a life expectancy of six months or less. Palliative care may be provided at the same time as curative care.

Palliative care includes:

- Advance care planning
- Palliative care assessment and consultation
- Plan of care including all authorized palliative and curative care
- Plan of care team including, but not limited to:
 - Doctor of medicine or osteopathy
 - Physician assistant
 - Registered nurse
 - Licensed vocational nurse or nurse practitioner
 - Social worker
 - Chaplain
- Care coordination
- Pain and symptom management

Adults who are age 21 or older cannot get both palliative care and hospice care at the same time. If you are getting palliative care and qualify for hospice care, you can ask to change to hospice care at any time.

It includes individual sequencing, trio sequencing for a parent or parents and their baby, and ultra-rapid sequencing.

RWGS is a new way to diagnose conditions in time to affect Intensive Care Unit (ICU) care of children one year of age or younger. If your child qualifies for California Children's Services (CCS) in Mariposa or San Benito counties, CCS may cover the hospital stay and the RWGS.

The Alliance covers medically necessary surgeries performed in a hospital.

The Postpartum Care Extension (PPCE) program

Behavioral health treatments

The Alliance covers behavioral health treatment (BHT) services for members under 21 years old through the EPSDT benefit. BHT includes services and treatment programs such as applied behavior analysis and evidence-based behavior intervention programs that develop or restore, to the maximum extent practicable, the functioning of a person under 21 years old.

BHT services teach skills using behavioral observation and reinforcement or through prompting to teach each step of a targeted behavior. BHT services are based on reliable evidence. They are not experimental. Examples of BHT services include behavioral interventions, cognitive behavioral intervention packages, comprehensive behavioral treatment, and applied behavioral analysis.

BHT services must be medically necessary, prescribed by a licensed doctor or psychologist, approved by the plan, and provided in a way that follows the approved treatment plan.

Transportation benefits for situations that are not emergencies

You can get medical transportation if you have medical needs that do not allow you to use a car, bus, or taxi to your appointments. You can get medical transportation for covered services and Medi-Cal covered pharmacy appointments. You can request medical transportation by asking your doctor, dentist, podiatrist, or mental health or substance use disorder provider for it. Your provider will decide the correct type of transportation to meet your needs.

If they find that you need medical transportation, they will prescribe it by filling out a form and submitting it to the Alliance. Once approved, the approval is good for up to 12 months, depending on the medical need. Once approved, you can get as many rides as you need. Your doctor will need to reassess your medical need for medical transportation and re-approve it every 12 months.

Medical transportation is an ambulance, litter van, wheelchair van, or air transport. The Alliance allows the lowest cost medical transportation for your medical needs when you need a ride to your appointment. That means, for example, if you can physically or medically be transported by a wheelchair van, the Alliance will not pay for an ambulance. You are only entitled to air transport if your medical condition makes any form of ground transportation impossible.

You will get medical transportation if:

- It is physically or medically needed, with a written authorization by a doctor or other provider because you are not able to physically or medically able to use a bus, taxi, car, or van to get to your appointment
- You need help from the driver to and from your home, vehicle, or place of treatment due to a physical or mental disability

To ask for medical transportation that your doctor has prescribed for non-urgent (routine) appointments, call the Alliance at 1-800-700-3874 ext. 5640 at least five (5) business days (Monday-Friday) before your appointment. For urgent appointments, call as soon as possible. Have your member ID card ready when you call.

Limits of medical transportation

The Alliance provides the lowest cost medical transportation that meets your medical needs to the closest provider from your home where an appointment is available. You cannot get medical transportation if Medi-Cal does not cover the service you are getting, or it is not a Medi-Cal-covered pharmacy appointment. There is a list of covered

services in this Member Handbook.

If Medi-Cal covers the appointment type but not through the health plan, the Alliance will not cover the medical transportation but can help you schedule your transportation with Medi-Cal. Transportation is not covered outside of the network or service area unless pre-authorized by the Alliance. To learn more or to ask for medical transportation, call the Alliance at 1-800-700-3874.

Cost to member

There is no cost when the Alliance arranges transportation.

How to get non-medical transportation

Your benefits include getting a ride to your appointments when the appointment is for a Medi-Cal covered service and you do not have any access to transportation. You can get a ride, at no cost to you, when you have tried all other ways to get transportation and are:

- Traveling to and from an appointment for a Medi-Cal service authorized by your provider, or
- Picking up prescriptions and medical supplies

The Alliance allows you to use a car, taxi, bus, or other public or private way of getting to your medical appointment for Medi-Cal-covered services. The Alliance will cover the lowest cost of non-medical transportation type that meets your needs. Sometimes, the Alliance can reimburse you (pay you back) for rides in a private vehicle that you arrange. The Alliance must approve this before you get the ride.

You must tell us why you cannot get a ride any other way, such as by bus. You can call, email, or tell us in person. If you have access to transportation or can drive yourself to the appointment, the Alliance will not reimburse you. This benefit is only for members who do not have access to transportation.

For mileage reimbursement, you must submit copies of the driver's:

- Driver's license,
- Vehicle registration, and
- Proof of car insurance

To request a ride for services that have been authorized, call the Alliance at 1-800-700-3874 at least 5 business days (Monday-Friday) before your appointment. Or call as soon as you can when you have an urgent appointment. Have your member ID card

ready when you call.

Note: American Indians may also contact their local Indian Health Clinic to request non-medical transportation.

Limits of non-medical transportation

The Alliance provides the lowest cost non-medical transportation that meets your needs to the closest provider from your home where an appointment is available. Members cannot drive themselves or be reimbursed directly for non-medical transportation. To learn more, call the Alliance at 1-800-700-3874.

Non-medical transportation does not apply if:

- An ambulance, litter van, wheelchair van, or other form of medical transportation is medically needed to get to a Medi-Cal covered service
- You need help from the driver to and from the residence, vehicle, or place of treatment due to a physical or medical condition
- You are in a wheelchair and are unable to move in and out of the vehicle without help from the driver
- Medi-Cal does not cover the service

Cost to member

There is no cost when the Alliance arranges non-medical transportation.

Travel expenses

In some cases, if you have to travel for doctor's appointments that are not available near your home, the Alliance can cover travel expenses such as meals, hotel stays, and other related expenses such as parking, tolls, etc. They may also be covered for someone who is traveling with you to help you with your appointment or someone who is donating an organ to you for an organ transplant. You need to request pre-approval (prior authorization) for these services by contacting the Alliance at 1-800-700-3874.

Basic care management

Getting care from many different providers or in different health systems is challenging. The Alliance wants to make sure members get all medically necessary services, prescription medicines, and behavioral health services. The Alliance can help coordinate and manage your health needs, at no cost to you. This help is available even when another program covers the services.

It can be hard to figure out how to meet your health care needs after you leave the hospital or if you get care in different systems. Here are some ways the Alliance can help members:

- If you have trouble getting a follow-up appointment or medicines after you are discharged from the hospital, the Alliance can help you.
- If you need help getting to an in-person appointment, The Alliance can help you get free transportation.

If you have questions or concerns about your health or the health of your child, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

Covered ECM services

If you qualify for ECM, you will have your own care team with a Lead Care Manager. This person will talk to you and your doctors, specialists, pharmacists, case managers, social services providers, and others. They make sure everyone works together to get you the care you need. A Lead Care Manager can also help you find and apply for other services in your community. ECM includes:

- Outreach and engagement

Recuperative Care provides temporary housing, medical care and other services. The program is for members who are homeless and recovering from an acute illness or injury. These services include case management, self-management support, and help with housing.

Short-Term Post Hospitalization Housing provides residential and supportive services. This is for members who have high medical or behavioral health needs. Through this housing service, members can continue their recovery right after leaving a recuperative care setting. This is a once in a lifetime service. Members also need to receive Housing Transition Navigation Services while receiving Short Term Post Hospitalization Housing.

Sobering Centers are places for people who are found to be publicly intoxicated (due to alcohol and/or other drugs). They provide a space for people who would otherwise have to go to the emergency department or jail. Sobering centers provide a safe, supportive environment to become sober and receive referrals for services. This service is mainly for people who are homeless or living in unstable situations. Go live in Santa Cruz County is to be determined.

Environmental Accessibility Accommodation/Home Modification are accommodations to a home that are necessary to ensure the health, welfare, and safety of the member, or enable them to function with greater independence in the home, without which the member would require institutionalization. Services include:

- Ramps and grab-bars to assist Members in accessing the home;
- Doorway widening for Members who require a wheelchair;
- Stair lifts;
- Making a bathroom and shower wheelchair accessible (e.g., constructing a roll-in shower).

Major organ transplant

Transplants for children under age 21

In Mariposa and San Benito counties, state law requires children who need transplants to be referred to the California Children’s Services (CCS) program to decide if the child qualifies for CCS. If the child qualifies for CCS, CCS will cover the costs for the transplant and related services.

If the child does not qualify for CCS, the Alliance will refer the child to a qualified transplant center for evaluation. If the transplant center confirms that the transplant would be needed and safe, the Alliance will cover the transplant and related services.

In Merced, Monterey and Santa Cruz counties, the Alliance must refer California Children’s Services (CCS) eligible children to a CCS-approved Special Care Center (SCC) for an evaluation within 72 hours of when the child’s doctor or specialist identifies the child as a potential candidate for transplant. If SCC confirms that the transplant would be needed and safe, the Alliance will cover the transplant and related services.

Transplants for adults ages 21 and older

If your doctor decides you may need a major organ transplant, the Alliance will refer you to a qualified transplant center for an evaluation. If the transplant center confirms a transplant is needed and safe for your medical condition, the Alliance will cover the transplant and other related services.

The major organ transplants the Alliance covers include, but are not limited to:

- Bone marrow
- Heart
- Heart/lung
- Kidney
- Kidney/pancreas
- Liver
- Liver/small bowel
- Lung
- Pancreas
- Small bowel

Street medicine programs

Members experiencing homelessness may receive covered services from Street Medicine Providers within the Alliance’s provider network. A Street Medicine Provider is a licensed primary care physician or primary care non-physician in-network. Members experiencing homelessness may be able to select an Alliance Street Medicine Provider to be their Primary Care Provider (PCP), if the Street Medicine Provider meets PCP eligibility criteria and agrees to be the member’s PCP. For more information on the Alliance’s street medicine program, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

Whole Child Model (WCM) program

The Alliance covers California Children’s Services (CCS) for Medi-Cal eligible CCS children and youth through the Whole Child Model program (WCM) in Merced, Monterey, and Santa Cruz counties. CCS is a state program that treats children under 21 years of age with certain health conditions, diseases, or chronic health problems and who meet the CCS program rules.

If the Alliance or your PCP believes you or your child has a CCS condition, they will be referred to the county CCS program to be assessed for eligibility. If you or your child qualifies for WCM, they will get their CCS care through the Alliance.

CCS does not cover all health conditions. CCS covers most health conditions that physically disable or that need to be treated with medicines, surgery, or rehabilitation (rehab). Examples of CCS-eligible conditions include, but are not limited to:

- Congenital heart disease
- Cancers
- Tumors
- Hemophilia
- Sickle cell anemia
- Thyroid problems
- Diabetes
- Serious chronic kidney problems
- Liver disease
- Intestinal disease
- Cleft lip/palate
- Spina bifida
- Hearing loss
- Cataracts
- Cerebral palsy
- Transplants including cornea
- Seizures under certain circumstances
- Rheumatoid arthritis
- Muscular dystrophy
- AIDS
- Severe head, brain, or spinal cord injuries

- Severe burns
- Severely crooked teeth

CCS county program staff will decide if your child qualifies for CCS services. If your child qualifies to get this type of care, CCS providers working with the Alliance will assign a personal care coordinator to help coordinate treatment for the CCS-eligible condition using a care team and care plan.

To learn more about CCS, go to <https://www.dhcs.ca.gov/services/ccs>. Or call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

Transportation and travel expenses for CCS

You may be able to get transportation, meals, lodging, and other costs such as parking, tolls, etc. if you or your family needs help to get to a medical appointment related to a CCS-eligible condition and there is no other available resource. You should call the Alliance and request pre-approval (prior authorization) before you pay out-of-pocket for transportation meals and lodging. The Alliance does provide non-medical and non-emergency medical transportation as noted in Chapter 4, “Benefits and services.”

If your transportation or travel expenses are found necessary and the Alliance verifies that you tried to get transportation through the Alliance, you can get reimbursed from the Alliance. We must reimburse you within 60 calendar days of you submitting the required receipts and proof of transportation expenses.

Home and community-based services (HCBS) outside of WCM services

If you qualify to enroll in a 1915(c) waiver, you may be able to get home and community-based services that are not related to a CCS-eligible condition but are necessary for you to stay in a community setting instead of an institution. For example, if you require home modifications to meet your needs in a community-based setting, the Alliance cannot pay those costs as a CCS-related condition. But if you are enrolled in a 1915(c) waiver, home modifications may be covered if they are medically necessary to prevent institutionalization.

Other Medi-Cal programs and services

Other services you can get through Fee-for-Service (FFS) Medi-Cal or other Medi-Cal programs

The Alliance does not cover some services, but you can still get them through FFS Medi-Cal or other Medi-Cal programs. The Alliance will coordinate with other programs to make sure you get all medically necessary services, including those covered by another program and not the Alliance. This section lists some of these services. To learn more, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

Outpatient prescription drugs

Prescription drugs covered by Medi-Cal Rx

Prescription drugs given by a pharmacy are covered by Medi-Cal Rx, which is a Medi-Cal FFS program. The Alliance might cover some drugs a provider gives in an office or clinic. If your provider prescribes drugs given in the doctor's office, infusion center, or by a home infusion provider, these are considered physician-administered drugs.

If a non-pharmacy based medical health care professional administers a drug, it is covered under the medical benefit. Your provider can prescribe you drugs on the Medi-Cal Rx Contract Drugs List.

Sometimes, you need a drug not on the Contract Drugs List. These drugs need approval before you can fill the prescription at the pharmacy. Medi-Cal Rx will review and decide these requests within 24 hours.

- A pharmacist at your outpatient pharmacy may give you a 14-day emergency supply if they think you need it. Medi-Cal Rx will pay for the emergency medicine an outpatient pharmacy gives.
- Medi-Cal Rx may say no to a non-emergency request. If they do, they will send you a letter to tell you why. They will tell you what your choices are. To learn more, read "Complaints" in Chapter 6.

To find out if a drug is on the Contract Drugs List or to get a copy of the Contract Drugs List, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711.

Or go to the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

Pharmacies

If you are filling or refilling a prescription, you must get your prescribed drugs from a pharmacy that works with Medi-Cal Rx. You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at:

<https://medi-calrx.dhcs.ca.gov/home/>

You can also find a pharmacy near you or a pharmacy that can mail your prescription to you by calling Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711.

Once you choose a pharmacy, take your prescription to the pharmacy. Your provider can also send it to the pharmacy for you. Give the pharmacy your prescription with your Medi-Cal Benefits Identification Card (BIC). Make sure the pharmacy knows about all medicines you are taking and any allergies you have. If you have any questions about your prescription, ask the pharmacist.

Members can also get transportation services from the Alliance to get to pharmacies. To learn more about transportation services, read “Transportation benefits for situations that are not emergencies” in Chapter 4 of this handbook.

Substance use disorder treatment services

The Alliance encourages members who want help with alcohol use or other substance use to get care. Services for substance use are available from general care providers such as primary care, inpatient hospitals, and emergency departments and from specialty substance use service providers. County Behavioral Health Plans often provide specialty services.

The Alliance provides covered substance use disorder (SUD) services, including alcohol and drug screening, assessments, brief interventions, and referral to treatment for members ages 11 and older. This includes pregnant members, those in primary care settings and tobacco, alcohol, illicit drug screening in accordance with American Academy of Pediatrics Bright Futures for Children and United States Preventive Services Taskforce grade A and B recommendations for adults. To learn more about treatment options for substance use disorders, call the Alliance.

Alliance members can have an assessment to match them to the services that best fit their health needs and preferences. When medically necessary, available services include outpatient treatment, residential treatment, and medicines for substance use disorders (also called Medication Assisted Treatment (MAT)) such as buprenorphine, methadone, and naltrexone.

Call member services at 1-800-700-3874 (TTY 1-800-735-2929). Central California Alliance for Health is here 8 AM – 5:30 PM, Monday through Friday. The call is free.

The county provides substance use disorder services to Medi-Cal members who qualify for these services. Members who are identified for substance use disorder treatment services are referred to their county department for treatment. For a list of all counties' telephone numbers go to

https://dhcs.ca.gov/individuals/Pages/SUD_County_Access_Lines.aspx.

The Alliance will provide or arrange for MAT to be given in primary care, inpatient hospital, emergency department, and other medical settings.

Dental services

The Medi-Cal Dental FFS Program is the same as FFS Medi-Cal for your dental services. Before you get dental services, you must show your BIC to the dental provider. Make sure the provider takes FFS Dental and you are not part of a managed care plan that covers dental services.

Medi-Cal covers a broad range of dental services through the Medi-Cal Dental Program, including:

- Diagnostic and preventive dental services such as examinations, X-rays, and teeth cleanings
- Emergency services for pain control
- Tooth extractions
- Fillings
- Root canal treatments (anterior/posterior)
- Crowns (prefabricated/laboratory)
- Scaling and root planning
- Complete and partial dentures
- Orthodontics for children who qualify.
- Topical fluoride

If you have questions or want to learn more about dental services, call the Medi-Cal Dental Program at 1-800-322-6384 (TTY 1-800-735-2922 or 711). You can also go to the Medi-Cal Dental Program website at <https://www.dental.dhcs.ca.gov/>.

believes your child has a CCS-eligible condition, they will be referred to the CCS county program to check if they qualify.

County CCS program staff will decide if your child qualifies for CCS services. The Alliance does not decide CCS eligibility. If your child lives in Mariposa or San Benito counties and qualifies to get this type of care, CCS providers will treat him or her for the CCS-eligible condition. The Alliance will continue to cover the types of service that do not have to do with the CCS condition such as physicals, vaccines, and well-child checkups.

The Alliance does not cover services that the CCS program covers. For CCS to cover these services, CCS must approve the provider, services, and equipment.

CCS does not cover all health conditions. CCS covers most health conditions that physically disable or need treatment with medicines, surgery, or rehabilitation (rehab). Examples of CCS-eligible conditions include but are not limited to:

- Congenital heart disease
- Cancers
- Tumors
- Hemophilia
- Sickle cell anemia

California's six Medi-Cal 1915(c) waivers allow the state to provide services to persons who would otherwise need care in a nursing facility or hospital in the community-based setting of their choice. Medi-Cal has an agreement with the Federal Government that allows waiver services to be offered in a private home or in a homelike community setting. The services offered under the waivers must not cost more than the alternative institutional level of care. HCBS Waiver recipients must qualify for full-scope Medi-Cal. The six Medi-Cal 1915(c) waivers are:

- California Assisted Living Waiver (ALW)
- California Self-Determination Program (SDP) Waiver for Individuals with Developmental Disabilities
- HCBS Waiver for Californians with Developmental Disabilities (HCBS-DD)
- Home and Community-Based Alternatives (HCBA) Waiver
- Medi-Cal Waiver Program (MCWP), formerly called the Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) Waiver
- Multipurpose Senior Services Program (MSSP)

- In vitro fertilization (IVF), including but not limited to infertility studies or procedures to diagnose or treat infertility
- Fertility preservation

Evaluation of new and existing technologies

The Alliance evaluates the inclusion of new technologies and new uses for existing technologies such as medical and mental health procedures, pharmaceuticals, and devices to determine whether a new technology should be added as a benefit.

An authorization request must be submitted to the Alliance describing the intervention and containing medical justification for its use, along with pertinent patient medical records. The Alliance will then ask the provider for supporting medical documentation. Supporting medical documentation will be forwarded to the Medical Director. If approved, the Medical Director will consider whether this new technology should be considered as a new benefit.

Well-child health check-ups and preventive care

Preventive care includes regular health check-ups, screenings to help your doctor find problems early, and counseling services to detect illnesses, diseases, or medical conditions before they cause problems. Regular check-ups help you or your child's doctor look for any problems. Problems can include medical, dental, vision, hearing, mental health, and any substance (alcohol or drug) use disorders. The Alliance covers check-ups to screen for problems (including blood lead level assessment) any time there is a need for them, even if it is not during your or your child's regular check-up.

Preventive care also includes shots you or your child need. The Alliance must make sure all enrolled children are up to date with all the shots they need when they have their visits with their doctor. Preventive care services and screenings are available at no cost and without pre-approval (prior authorization).

Your child should get check-ups at these ages:

- 2-4 days after birth
- 1 month
- 2 months
- 4 months
- 6 months
- 9 months
- 12 months
- 15 months
- 18 months
- 24 months
- 30 months
- Once a year from 3 to 20 years old

Well-child health check-ups include:

- Health education
- Vision and hearing screening
- Oral health screening
- Behavioral health assessment

6. Reporting and solving problems

There are two ways to report and solve problems:

- Use a **complaint (grievance)** when you have a problem or are unhappy with the Alliance or a provider or with the health care or treatment you got from a provider.
- Use an **appeal** when you don't agree with the Alliance's decision to change your services or to not cover them.

You have the right to file grievances and appeals with the Alliance to tell us about your problem. This does not take away any of your legal rights and remedies. We will not discriminate or retaliate against you for filing a complaint with us or reporting issues. Telling us about your problem will help us improve care for all members.

You may contact the Alliance first to let us know about your problem. Call us between 8 AM – 5:30 PM, Monday through Friday at 1-800-700-3874 (TTY 1-800-735-2929 or 711). Tell us about your problem.

The California Department of Health Care Services (DHCS) Medi-Cal Managed Care Ombudsman can also help. They can help if you have problems joining, changing, or leaving a health plan. They can also help if you moved and are having trouble getting your Medi-Cal transferred to your new county. You can call the Ombudsman Monday through Friday, 8 a.m. to 5 p.m. at 1-888-452-8609. The call is free.

You can also file a grievance with your county eligibility office about your Medi-Cal eligibility. If you are not sure who you can file your grievance with, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711).

To report incorrect information about your health insurance, call Medi-Cal Monday through Friday, 8 a.m. to 5 p.m. at 1-800-541-5555.

Complaints

A complaint (grievance) is when you have a problem or are unhappy with the services you are getting from the Alliance or a provider. There is no time limit to file a complaint. You can file a complaint with the Alliance at any time by phone, in writing, or online. Your authorized representative or provider can also file a complaint for you with your permission.

Appeals

An appeal is different from a complaint. An appeal is a request for us to review and change a decision we made about your services. If we sent you a Notice of Action (NOA) letter telling you that we are denying, delaying, changing, or ending a service, and you do not agree with our decision, you can ask us for an appeal. Your authorized representative or provider can also ask us for an appeal for you with your written permission.

You must ask for an appeal within 60 days from the date on the NOA you got from us. If we decided to reduce, suspend, or stop a service you are getting now, you can continue getting that services while you wait for your appeal to be decided. This is called Aid Paid Pending. To get Aid Paid Pending, you must ask us for an appeal within 10 days from the date on the NOA or before the date we said your services will stop, whichever is later. When you request an appeal under these circumstances, the services will continue.

You can file an appeal by phone, in writing or online:

- **By phone:** Call the Alliance at 1-800-700-3874 (TTY 1-800-735-2929 or 711) between 8 AM – 5:30 PM, Monday through Friday. Give your name, health plan ID number and the service you are appealing.
- **By mail:** Call the Alliance at 1-800-700-3874 (TTY 1-800-735-2929 or 711) and ask to have a form sent to you. When you get the form, fill it out. Be sure to include your name, health plan ID number and the service you are appealing.

Within 5 days of getting your appeal, we will send you a letter telling you we got it. Within 30 days, we will tell you our appeal decision and send you a Notice of Appeal Resolution (NAR) letter. If we do not give you our appeal decision within 30 days, you can request a State Hearing from the California Department of Social Services (CDSS). In this case, the State Hearing has final say.

If you or your doctor wants us to make a fast decision because the time it takes to decide your appeal would put your life, health, or ability to function in danger, you can ask for an expedited (fast) review. To ask for an expedited review, call Member Services at 1-800-700-3874 (TTY 1-800-735-2929 or 711). We will decide within 72 hours of receiving your appeal.

What to do if you do not agree with an appeal decision

If you requested an appeal and got a NAR letter telling you we did not change our decision, or you never got a NAR letter and it has been past 30 days, you can:

- Ask for a **State Hearing** from the California Department of Social Services (CDSS), and a judge will review your case. CDSS' toll-free telephone number is 1-800-743-8525 (TTY 1-800-952-8349). You can also ask for a State Hearing online at <https://www.cdss.ca.gov>.

Complaints and appeals related to Medi-Cal Rx pharmacy benefits are not handled by the Alliance. You can submit complaints and appeals about Medi-Cal Rx pharmacy benefits by calling 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711.

State Hearings

A State Hearing is a meeting with the Alliance and a judge from the CDSS. The judge will help to resolve your problem or tell you that we made the correct decision. You have the right to ask for a State Hearing if you already asked for an appeal with us and you are still not happy with our decision, or if you did not get a decision on your appeal after 30 days.

You must ask for a State Hearing within 120 days from the date on our NAR letter. If we gave you Aid Paid Pending during your appeal and you want it to continue until there is a decision on your State Hearing, you must ask for a State Hearing within 10 days of our NAR letter or before the date we said your services will stop, whichever is later.

If you need help making sure Aid Paid Pending will continue until there is a final decision on your State Hearing, contact the Alliance between 8 AM – 5:30 PM, Monday through Friday by calling 1-800-700-3874. If you cannot hear or speak well, call 1-800-735-2929. Your authorized representative or provider can ask for a State Hearing for you with your written permission.

Sometimes you can ask for a State Hearing without completing our appeal process.

For example, if we did not notify you correctly or on time about your services, you can request a State Hearing without having to complete our appeal process. This is called Deemed Exhaustion. Here are some examples of Deemed Exhaustion:

- We did not make a NOA or NAR letter available to you in your preferred language
- We made a mistake that affects any of your rights
- We did not give you a NOA letter
- We did not give you a NAR letter
- We made a mistake in our NAR letter
- We did not decide your appeal within 30 days. We decided your case was urgent but did not respond to your appeal within 72 hours

You can ask for a State Hearing in these ways:

- **Online:** Request a hearing online at www.CDSS.CA.GOV

If you want CDSS to make a fast decision because the time it takes to have a State Hearing would put your life, health, or ability to function fully in danger, you, your authorized representative, or your provider can contact CDSS and ask for an expedited (fast) State Hearing. CDSS must make a decision no later than 3 business days after it gets your complete case file from the Alliance.

Changes to the Terms of this Notice

We can change the terms of this notice, and the changes will apply to all information we have about you. The new notice will be available upon request, on our website, and we will mail a copy to you.

Notice about laws

Many laws apply to this Member Handbook. These laws may affect your rights and responsibilities even if the laws are not included or explained in this handbook. The main laws that apply to this handbook are state and federal laws about the Medi-Cal program. Other federal and state laws may apply too.

Notice about Medi-Cal as a payer of last resort, other health coverage, and tort recovery

The Medi-Cal program follows state and federal laws and regulations relating to the legal liability of third parties for health care services to members. The Alliance will take all reasonable measures to ensure that the Medi-Cal program is the payer of last resort. Medi-Cal members may have other health coverage (OHC), also referred to as private

health insurance. As a condition of Medi-Cal eligibility, you must apply for or retain any available OHC when there is no cost to you.

Federal and state laws require Medi-Cal members to report OHC and any changes to an existing OHC. You may have to repay DHCS for any benefits paid by mistake if you don't report OHC quickly. Submit your OHC online at <http://dhcs.ca.gov/OHC>.

If you do not have access to the internet, you can report OHC to the Alliance. Or call 1-800-541-5555 (TTY 1-800-430-7077 or 711) inside California, or 1-916-636-1980 (outside California).

The California Department of Health Care Services (DHCS) has the right and responsibility to collect for covered Medi-Cal services for which Medi-Cal is not the first payer. For example, if you are injured in a car accident or at work, auto or workers' compensation insurance may have to pay first, or reimburse Medi-Cal.

If you are injured, and another party is liable for your injury, you or your legal representative must notify DHCS within 30 days of filing a legal action or a claim.

Submit your notification online:

- Personal Injury Program at <https://dhcs.ca.gov/PI>
- Workers' Compensation Recovery Program at <https://dhcs.ca.gov/WC>

To learn more, visit <https://dhcs.ca.gov/tplrd> or call 1-916-445-9891.

Notice about estate recovery

The Medi-Cal program must seek repayment from probated estates of certain deceased members for Medi-Cal benefits received on or after their 55th birthday. Repayment includes Fee-for-Service (FFS) and managed care premiums or capitation payments for nursing facility services, home and community-based services, and related hospital and prescription drug services received when the member was an inpatient in a nursing facility or was receiving home and community-based services. Repayment cannot exceed the value of a member's probated estate.

To learn more, go to the DHCS estate recovery website at <https://dhcs.ca.gov/er> or call 1-916-650-0590.

Notice of Action

The Alliance will send you a Notice of Action (NOA) letter any time the Alliance denies, delays, terminates, or modifies a request for health care services. If you disagree with the Alliance's decision, you can always file an appeal with the Alliance. Go to the Appeals section above for important information on filing your appeal. When the Alliance sends you a NOA it will tell you all the rights you have if you disagree with a decision we made.

Contents in notices

If the Alliance bases denials, delays, terminations, or changes in whole or in part on medical necessity, your NOA must contain the following:

- A statement of the action the Alliance intends to take
- A clear and concise explanation of the reasons for the Alliance's decision
- How the Alliance decided, including the rules the Alliance used
- The medical reasons for the decision. The Alliance must clearly state how the member's condition does not meet the rules or guidelines.

Translations

The Alliance is required to fully translate and provide written member information in common preferred languages, including all grievance and appeals notices.

The fully translated notice must include the medical reason for the Alliance's decision to deny, delay, change, reduce, suspend, or stop a request for health care services.

If your preferred language is not available, the Alliance is required to offer verbal help in your preferred language so that you can understand the information you get.
