

International Board Certified Lactation Consultants

Approved International Board Certified Lactation Consultants (IBCLC's) and Durable Medical Equipment (DME) vendors may bill for listed services and equipment under either mother or baby. Billing limits apply to the mother/baby unit. For a detailed description of lactation services and guidelines, please refer to the Alliance Breastfeeding Support & Breast Pump Benefit Description.

Alliance-Approved Lactation Consultant Providers

International Board Certified Lactation Consultants (IBCLC's) provide comprehensive, clinical breastfeeding management and support when medically necessary. IBCLC's do not need a Medi-Cal provider number to bill for services. A provider referral is not necessary. Members may self-refer for lactation services. Please see list below of Alliance approved IBCLC's.

The following providers are currently approved to provide lactation consultation for Alliance members when medically necessary. Other interested IBCLCs may contact the Alliance Health Education Line at 800-700-3874 ext. 5580 to apply.

Breast Pump Vendor List

Any Durable Medical Equipment (DME) vendors with a Medi-Cal provider number may provide a breast pump to eligible Alliance members who are breastfeeding and meet medical necessity or who are returning to work or school. No prescription is required and only one breast pump will be dispensed every three years. Members must have a written note or letter from a physician, midlevel professional, certified nurse midwife, or International Board Certified Lactation Consultant (IBCLC).

Written notes for breast pumps must include the following member information:

- Alliance ID number
- Address
- Phone number
- Delivery date

Members may also call the Alliance Health Education Line at 800-700-3874, ext. 5580 for additional information on breastfeeding and how to access a breast pump. *The following is a list of vendors who routinely provide breast pumps for Alliance members.
