Your Health Matters

Your Health Matters (YHM) is the outreach program of Central California Alliance for Health (the Alliance). This volunteer program is made up of Alliance employees who are interested in making a difference in the lives of our members and the communities we serve.

This program informs and educates our members, communities and the public about Alliance services. We also share resources based on member needs and accessibility.

Some of the things we do include:

- Providing resources and handouts at community events.
- Sharing health guidelines and information from the state, county and local agencies directly to members. This includes COVID-19-related information.
- Making calls to members during emergencies and natural disasters to ensure their safety and awareness of available resources.

Members and potential members: Contact us for a list of places that we are scheduled to attend.

Community Partners: If there is a community event where you think our outreach program's presence would be helpful, contact us!

How to contact us:

Email ListOutreachGatekeeper@ccah-alliance.org and a YHM staff member will respond to you within two business days.

Action: Quorum was not met and no was action taken.

6. Healthy Start

Veronica Lozano, MBA, CHES, Quality Improvement Program Advisor II, provided an overview of the Alliance's 2023 Healthy Start rewards and solicited feedback.

Members ages 0-21 can get a healthy start on life and get rewarded with gift cards totaling up to \$250 by being up to date with vaccines and checkups.

The Alliance will be promoting the Healthy Start rewards through a variety of methods

including the Alliance website, flyers, mailings to members, and community events.

MSAG member enquired about incentives for members ages 14 – 17. Members ages 14 – 17 are not eligible for Healthy Start rewards as the incentives target age groups with gaps in vaccinations and care. Members ages 14 – 17 are eligible for other Health Rewards Programs such as Healthy Weight for Life.

MSAG member enquired about past incentive results and impact. Previous incentives were raffles and the new Healthy Start incentives are direct incentives. Members who meet the eligibility criteria and the health reward requirements will receive a gift card. Target gift cards have been used for more than 8 years and from surveys, seem to work best.

MSAG member proposed incentives for attending gyms.

7. Medi-Cal Redetermination

Veronica Olivarria, Member Services Supervisor, provided an overview of the Medi-Cal redeterminations and continuous coverage unwinding.

Continuous coverage is no longer linked to the COVID-19 Public Health Emergency (PHE) as of April 1, 2023. Starting in April, members with a June renewal date will start receiving paperwork in the mail. Members have about 90 days to submit paperwork.

MSAG member proposed exploring the option of a third party to assist with administration and billing.

MSAG member enquired if the training pathway included training for parents who have substance use disorder and children who are born with substance use disorder. The Alliance's Adult Care Coordination team routinely reaches out to women who have substance use disorder and are pregnant or had a child in the past year to offer connecting the member with resources and will consider how to incorporate the doula service.

There was discussion around the supply, demand, training costs, and financial sustainability of doulas in Merced County.

Urgent Care services are available in all three counties for non-emergency or life-threatening care within forty-eight hours. Members can visit locations that are not their primary care providers without a referral.

MSAG members proposed postcards or magnets for refrigerators with when urgent care is appropriate and locations for each county, text message reminders, and standing call outs in member communication materials such as Member Bulletin. Jim Lyons, Provider Relations Manager, will share the ideas with the Alliance's Communication Team in a meeting dedicated to discussing the promotion of urgent care services.

MSAG members proposed reaching out to the provider network so they can share the information too.
