WHEREAS, the Parties desire to ensure that Qualified Individuals who are enrolled or have suspended enrollment in MCP, receive services for which they are eligible in a coordinated manner, provide a process to share information across the Parties, and continuously evaluate the quality of care coordination provided.

In consideration of the mutual agreements and promises hereinafter, the Parties agree as follows:

- e. If Correctional Facility is providing pre-release care management, MCP and Correctional Facility must coordinate to ensure that MCP receives all Member referrals for services or supports and any information needed to support the referral (e.g., Member's name, date of birth, client index number, expected address at the time of release, expected release date, recommended timeframe for requested services) for MCP to authorize and ensure the services or supports are available to Members upon release and effectuation of active MCP coverage.
- f. MCP is responsible for ensuring that, upon release and effectuation of active MCP coverage, Members receive all Medically Necessary Covered Services for which they are referred by Correctional Facility clinical staff, the Embedded Pre-Release Care Manager, or the In-Reach Pre-Release Care Manager and for which the Member is eligible; such as Community Supports, medical transportation services, Primary Care Provider assignments, and assignments to other necessary Network Providers. ii. Correctional Facility and Pre-Release Care Manager must comply with the Closed-Loop Referral Implementation Guidance when referring Members, who reside in Correctional Facility and receive or are eligible for pre-release services, to ECM and Community Supports.

iii. MCP must accept referrals during the 90 day pre-release period while individuals are incarcerated and ensure services are available on the day of release (or the day their MCP enrollment is active, if enrollment is effectuated subsequent to release). Closed-Loop Referral requirements apply to all referrals for ECM or Community Supports made while the individual is incarcerated and assigned to an MCP.

iv. MCP must provide a notice of authorization for ECM and Community Supports to Correctional Facility and the Member within the time frames set forth in APL 21-011 or superseding APL 21-011 (within 24 hours of authorization to Providers and within two business days of the authorization to the Member using the appropriate Notice of Action (NOA) template).⁹

v. MCP must also provide a notice of referral loop closure to the Correctional Facility within two Working Days of receiving the information, as described in the Closed-Loop Referral Implementation Guidance.¹⁰

⁷ Requirements for Closed-Loop Referrals are described in further detail on page 32 of the Closed-Loop Referral Implementation Guidance and Section 13.3.e: Closed-Loop Referrals of the CalAIM JI Reentry Policy and Operational Guide.

b. The Parties must discuss and address systematic and individual care coordination issues or barriers to care coordination efforts at least quarterly.

c. MCP must have policies and procedures in place to maintain collaboration with Correctional Facility and to identify strategies to monitor and assess the effectiveness of this MOU.

d. Care Manager Assignments.

i. MCP and Correctional Facility must work collaboratively to ensure that each Member is assigned a Pre-Release Care Manager and Post-Release JI ECM Provider (if different from the person assigned as the Pre-Release Care Manager). These assignments must be made as described in Section 8.4: Care Management Model of the CalAIM JI Reentry Policy and Operational Guide or as described in mutually agreed upon and formally documented policies and procedures. For Members with short-term stays, assignments should take place in accordance with the short-term model timelines defined in Section 8.2: Short-Term Model Minimum Requirements of the CalAIM JI Reentry Policy and Operational Guide.

ii. MCP must respond to the Correctional Facility's requests for a Post-Release JI ECM Provider assignment to provide in-reach pre-release care management services and/or to participate in a Warm Handoff via the JI Liaison or other mutually agreed-upon methods.

iii. MCP must ensure that, in circumstances where the Member is served by an In-Reach Pre-Release Care Manager, that provider continues to serve the Member as their Post-Release JI ECM Provider.¹¹

iv. MCP must communicate confirmation of the JI ECM Provider assignment to Correctional Facility.

e. **Reentry Planning and Coordination.** Correctional Facility and MCP must conduct planning and coordination to ensure smooth reentry for Members consistent with Section 8.4: Care Management Model and Section 11: Reentry Planning of the CalAIM JI Reentry Policy and Operational Guide, including ensuring coordination for the following tasks. Note that, for Members with short-term stays, reentry planning and coordination activities should take place in accordance with the short-term model timelines defined in Section 8.2 of the CalAIM JI Reentry Policy and Operational Guide.

i. **Health Risk Assessments.** Upon request from the assigned Pre-Release Care Manager, MCP must coordinate and share information known or accessible to the MCP with the Pre-Release Care Manager and/or Correctional Facility about the Member's care and treating Providers prior to incarceration.

¹¹ There may be circumstances where a Member changes their post-release JI ECM Provider due to a change in county of residence or Member preferences for provider, in which case such change is acceptable.

ii. **Creation of the Reentry Care Plan.** MCP must assist the assigned Pre-Release Care Manager with creating the Reentry Care Plan by timely responding to requests for post-release service authorizations and identifying in-Network or approved out-of-Network Providers to provide post-release care.

iii. **Behavioral Health Links.**

(1) Correctional Facility must conduct an initial mental health and SUD screening at intake and a second screening and/or full assessment, as indicated, in accordance with the CalAIM JI Reentry Policy and Operational Guide Section 6 to determine if the Member's behavioral health needs meet the Behavioral Health Link criteria described in the CalAIM JI Reentry Policy and Operational Guide Section 11.

(2) Correctional Facility must facilitate referrals for Members who meet the Behavioral Health Link criteria and require a Behavioral Health Link for either County-based behavioral health services (SMHS, DMC, or DMC-ODS) or managed care and/or Fee-For-Service based behavioral health services, as described in Section 6 of the CalAIM JI Reentry Policy and Operational Guide.

(3) For MCP-enrolled Members who do not meet the criteria for SMHS, DMC, or DMC-ODS services, Correctional Facility and MCP must coordinate to ensure the Member receives referrals for managed care Providers to meet their behavioral health needs post-release.¹² These referrals are to be shared with the JI ECM Provider.

(4) For MCP-enrolled Members who do not meet the criteria for SMHS, DMC, or DMC-ODS services, Correctional Facility must ensure that the Member's Pre-Release Care Manager coordinates with the Post-Release JI ECM Provider (if different) to facilitate the Member's Behavioral Health Link for managed care and/or Fee-For-Service delivery system Providers.

(5) MCP must ensure that the Post-Release JI ECM Provider participates in the Behavioral Health Link for managed care and/or Fee-For-Service behavioral

¹² Additional information on MCP role coordinating behavioral health services for Members who do not meet the criteria for SMHS, DMC, or DMC-ODS services (including definitions of SMHS criteria) is located in APL 22-006.

health services and, upon request from the post-release behavioral health provider, for County-based behavioral health services (SMHS, DMC, or DMC-ODS).

(6) MCP must assist Correctional Facility by providing information about in-Network behavioral health providers, as requested.

(7) MCP must assist the assigned Pre-Release Care Manager or post-release JI ECM Provider (if different) in identifying available appointments with behavioral health providers within the recommended Behavioral Health Link follow-up timeframe.

iv. **Care Manager Warm Handoffs.**¹³ The Parties must comply with warm handoffs as described in Section 8.4: Care Management Model and Section 10.2: Care Management Bundles of the CalAIM JI Reentry Policy and Operational Guide. The Warm Handoff is required in cases where different care managers provide pre-release care management and post-release ECM (i.e., if a Qualified Individual is served by an Embedded Pre-Release Care Manager or if the Qualified Individual will be released into a county in which their In-Reach Pre-Release Care Manager does not operate): The warm handoff may be conducted in-person or via Telehealth.

(1) Correctional Facility and MCP must coordinate to ensure the Member's Embedded Pre-Release Care Manager and Post-Release JI ECM Provider conduct a Warm Handoff at least 14 days prior to the Member's release date (if known) in accordance with Sections 8.4: Care Management Model and 13: MCP Requirements for Implementing Enhanced Care management for the JI Population of Focus of the CalAIM JI Reentry Policy and Operational Guide.

¹³ Additional information on billing for the warm handoff can be found in Section 10.2: Care Management Bundles of the CalAIM JI Reentry Policy and Operational Guide.

(2) MCP must require that the JI ECM Provider participate in Warm Handoffs with Pre-Release Care Manager in person and/or via Telehealth.

(3) Correctional Facility must provide a private space and technical support, such as Telehealth equipment, for the Warm Handoff to occur.

(4) If the Warm Handoff does not occur before the Member is released from the Correctional Facility, Correctional Facility and MCP must develop written policies and procedures to ensure that:

a. Warm Handoffs occur within the first week following notification of the Member's release.

b. All necessary information to support the Warm Handoff is shared with the Post-Release JI ECM Provider within one business day of the Member's release. If the Post-Release JI ECM Provider was not identified prior to release, the Correctional Facility must share all necessary information with the MCP, which is then responsible for sharing that information with the Post-Release JI ECM Provider upon their assignment.

v. **Coordinated Care at Reentry.** Correctional Facility and MCP must coordinate to ensure Members receive coordinated care and a smooth transition upon their release.

(1) Correctional Facility must notify MCP within one business day of a Member's release, if Member is assigned to MCP.

(2) Correctional Facility must ensure that Post-Release JI ECM Provider (if different than the Pre-Release Care Manager) receives the Reentry Care Plan as a part of the Warm Handoff or, if the Warm Handoff does not take place before the Member is released from the Correctional Facility, within one business day of the Member's release. If the post-release JI ECM Provider was not assigned prior to release from incarceration, Correctional Facility must share the Reentry Care Plan with the MCP.

(3) If the post-release JI ECM Provider was not assigned prior to release from incarceration, the MCP must share the Member's Reentry Care Plan with the post-release JI ECM Provider and ensure that they share the Reentry Care Plan with clinical providers on an as needed basis (e.g., Primary Care Providers, specialists).

(4) MCP must ensure Members have access to Covered Services, including ECM, upon reentry into the community, either on the day of release or the day their MCP enrollment is effective (if enrollment is effectuated subsequent to release). In instances where a Member declines pre-release care management and/or post-release ECM, MCP must still ensure the Member is assigned to an appropriate provider for necessary post-release services.

(5) MCP must ensure that JI ECM Providers conduct a follow-up appointment with the released Member within one week of notification of release to ensure continuity of care, a seamless transition, and to monitor progress and the implementation of the Member's Reentry Care Plan.

9. Quarterly Meetings.

a. The Parties must meet as frequently as necessary to ensure proper oversight of this MOU, but not less frequently than quarterly, to address care coordination, Quality Improvement ("QI") activities, QI outcomes, systemic and case-specific concerns, and communication with others within their organizations about such activities. These meetings may be conducted virtually. Meetings may be county-wide (i.e., all MCPs in the county attend) or regional (i.e., all MCPs and Correctional Facilities in a region attend), with case-specific issues handled in a separate forum between only the relevant parties. The Correctional Facility Liaison will facilitate these meetings.

b. Within 30 Working Days after each quarterly meeting, MCP must post on its website the date and time the quarterly meeting occurred and, as applicable, distribute to meeting participants a summary of any follow-up action items or changes to processes that are necessary to fulfill MCP's obligations under the Medi-Cal Managed Care Contract and this MOU.

c. MCP must invite Correctional Facility Responsible Person and their designee(s), as needed, and any additional appropriate Correctional Facility executives to participate in meetings with the MCP as frequently as necessary but at least quarterly to ensure appropriate committee representation, including a local presence, and to discuss and address care coordination and MOU-related issues. Subcontractors and Downstream Subcontractors should be permitted to participate in these meetings, as appropriate.

d. MCP must report updates from quarterly meetings to DHCS in a manner and at a frequency specified by DHCS.

e. Local Representation.

i. MCP must participate, as appropriate, in meetings or engagements to which MCP is invited by Correctional Facility, such as local county meetings, local community forums, and Correctional Facility engagements.

10. Quality Improvement. The Parties must develop QI activities specifically for the oversight of the requirements of this MOU, including, without limitation, any applicable performance measures and QI initiatives, including those to prevent duplication of services, as well as reports that track referrals, Member engagement, and service utilization. MCP must document these QI activities in its policies and procedures.

11. Data Sharing and Confidentiality. The Parties must implement policies and procedures to ensure that the minimum necessary Member information and data for accomplishing the goals of this MOU are exchanged timely and maintained securely and confidentially and in compliance with the requirements set forth below. The Parties must share information in compliance with applicable law, which may include the Health Insurance Portability and Accountability Act and its implementing regulations, as amended ("HIPAA"), 42 Code of Federal Regulations Part 2, and other state and federal privacy laws.

a. **Data Exchange.** MCP and Correctional Facility must share the minimum necessary data and information to facilitate pre- and post-release care management assignments and coordinate care under this MOU and as described in the CalAIM JI Reentry Policy and Operational Guide. The Parties must have policies and procedures for supporting the timely and frequent exchange of Member information and data, which may include requested medical records, behavioral health data, including Behavioral Health Link information, physical health data, and the Member's Reentry Care Plan, for ensuring the confidentiality of exchanged information and data, and, if necessary, for obtaining Member consent. The minimum necessary information and data elements to be shared as agreed upon by the Parties are set forth in Exhibit C of this MOU. The Parties must annually review and, if appropriate, update Exhibit C of this MOU to facilitate sharing of information and data.

b. **Interoperability.** MCP must make available to Members their electronic health information held by MCP pursuant to 42 Code of Federal Regulations Section 438.10 and in accordance with APL 22-026 or any subsequent version of the APL. MCP must make available an application programming interface that makes complete and accurate Network Provider directory information available through a public-facing digital endpoint on MCP's website pursuant to 42 Code of Federal Regulations Sections 438.242(b) and 438.10(h).

12. Dispute Resolution.

a. The Parties must agree to dispute resolution procedures such that in the event of any dispute or difference of opinion regarding the Party responsible for service coverage arising out of or relating to this MOU, the Parties must attempt, in good faith, to promptly resolve the dispute mutually between themselves. MCP must, and Correctional Facility should, document

the agreed-upon dispute resolution procedures in policies and procedures. Pending resolution of any such dispute, the Parties must continue without delay to carry out all their responsibilities under this MOU, including providing Members with access to services under this MOU, unless this MOU is terminated. If the dispute cannot be resolved within *15 Working Days* of initiating such dispute or such other period as may be mutually agreed to by the Parties in writing, either Party may pursue its available legal and equitable remedies under California law.

b. Disputes between MCP and Correctional Facility that cannot be resolved in a good faith attempt between the Parties must be forwarded by MCP to DHCS. Until the dispute is resolved, the Parties may agree to an arrangement satisfactory to both Parties regarding how the services under dispute will be provided.

13. Equal Treatment.

a. Nothing in this MOU is intended to benefit or prioritize Members over persons served by the Correctional Facility who are not Members. Pursuant to Title VI, 42 United States Code Section 2000d, et seq., Correctional Facility cannot provide any service, financial aid, or other benefit to an individual that is different, or is provided in a different manner, from that provided to others by Correctional Facility.

14. General.

a. **MOU Posting.** MCP must post this executed MOU on its website.

b. **Documentation Requirements.** MCP must retain all documents demonstrating compliance with this MOU for at least 10 years as required by the Medi-Cal Managed Care Contract. If DHCS requests a review of any existing MOU, MCP must submit the requested MOU to DHCS within ten Working Days of receipt of the request.

c. **Notice.** Any notice required or desired to be given pursuant to or in connection with this MOU must be given in writing, addressed to the noticed Party at the notice address set

forth below the signature lines of this MOU. Notices must be (i) delivered in person to the Notice Address, (ii) delivered by messenger or overnight delivery service to the Notice Address, (iii) sent by regular United States mail, certified, return receipt requested, postage prepaid, to the Notice Address, or (iv) sent by email, with a copy sent by regular United States mail to the Notice Address. Notices given by in-person delivery, messenger, or overnight delivery service are deemed given upon actual delivery at the Notice Address. Notices given by email are deemed given the day following the day the email was sent. Notices given by regular United States mail, certified, return receipt requested, postage prepaid, are deemed given on the date of delivery indicated on the return receipt. The Parties may change their addresses for purposes of receiving notice hereunder by giving notice of such change to each other in the manner provided for herein.

d. **Delegation.** MCP may delegate its obligations under this MOU to a Fully Delegated Subcontractor or Partially Delegated Subcontractor as permitted under the Medi-Cal Managed Care Contract, provided that such Fully Delegated Subcontractor or Partially Delegated Subcontractor is a Party to this MOU. Further, MCP may enter into Subcontractor Agreements or Downstream Subcontractor Agreements that relate directly or indirectly to the performance of MCP's obligations under this MOU. Other than in these circumstances, MCP cannot delegate the obligations and duties contained in this MOU.

e. **Annual Review.** MCP must conduct an annual review of this MOU to determine whether any modifications, amendments, updates, or renewals of responsibilities and obligations outlined within are required. MCP must provide DHCS evidence of the annual review of this MOU and copies of any MOU modified or renewed as a result.

f. **Amendment.** This MOU may only be amended or modified by the Parties through a writing executed by the Parties. However, this MOU is deemed automatically amended or modified to incorporate any provisions amended or modified in the Medi-Cal Managed Care Contract, or as required by applicable law or any applicable guidance issued by a state or federal oversight entity.

g. **Governance.** This MOU is governed by and construed in accordance with the laws of the state of California.

h. **Independent Contractors.** No provision of this MOU is intended to create, nor is any provision deemed or construed to create, any relationship between Correctional Facility and MCP other than that of independent entities contracting with each other hereunder solely for the purpose of effecting the provisions of this MOU. Neither Correctional Facility nor MCP, nor any of their respective contractors, employees, agents, or representatives, is construed to be the contractor, employee, agent, or representative of the other.

i. **Counterpart Execution.** This MOU may be executed in counterparts, signed electronically and sent via PDF, each of which is deemed an original, but all of which, when taken together, constitute one and the same instrument.

j. **Superseding MOU.** This MOU constitutes the final and entire agreement between the Parties and supersedes any and all prior oral or written agreements, negotiations, or understandings between the Parties that conflict with the provisions set forth in this MOU. It is expressly understood and agreed that any prior written or oral agreement between the Parties pertaining to the subject matter herein is hereby terminated by mutual agreement of the Parties.

(Remainder of this page intentionally left blank)

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, County of Mariposa (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
