#### Regular Agenda Items:

4. Propose revising the Finance Committee meeting schedule to include a meeting in September 2023. (1:34 – 1:36 p.m.)

Ms. Lisa Ba, Chief Financial Officer (CFO), recommended amending the 2023 Finance Committee meeting schedule to include an additional meeting on September 27, 2023. She explained that, due to the Board Retreat being rescheduled to October, time would not allow for a Finance Committee meeting to take place during that month as originally scheduled. Therefore, adding a meeting in September will allow this committee to review agenda items previously slated for review at the October Finance Committee meeting. As the commissioners voiced no objections regarding this recommendation, a proposal to amend the 2023 Finance Committee meeting schedule to include a meeting in September will go before the Board for approval at the August 2023 Board meeting.

5. April YTD financial results. (1:36 - 1:38 p.m.)

Ms. Ba updated the commissioners on the Alliance's most recent financial performance for the four months ending on April 30, 2023. Year-to-Date (YTD) Operating Income was \$28.7M, with a Medical Loss Ratio (MLR) of 89.3% and an Administrative Loss Ratio (ALR) of 5.4%.

6. Forecast #1 based on May YTD preliminary results. (1:38 - 2:15 p.m.)

Ms. Ba oriented the commissioners to the forecast based on May YTD preliminary results.

First, the CFO presented a summarized view of the medical forecast as it compares to actual financial results for 2020 through 2022 and the 2023 budget.

Next, Ms. Ba showed a more detailed view of the assumptions related to enrollment, revenue, and medical cost. She noted that enrollment is higher than was accounted for in the original budget due to the redetermination impact being shifted to begin in July 2023 rather than April 2023. Membership is anticipated to decrease gradually and reach the March 2020 levels by June 2024.

[Commissioner Josh Pedrozo arrived at this time: 1:41 p.m.]

As compared to the budget, revenue assumptions are favorable and include a 10% Long-Term Care (LTC) Add-On and a 2% earned Enhanced Care Management (ECM) revenue that was not included in the budget.

Regarding medical cost assumptions, Ms. Ba explained that medical expenses increased by \$55M due to higher-than-budgeted enrollment and costs from January 2023 to May 2023, combined with an anticipated 5% increase in utilization compared to 2019.

In summary, higher-than-expected enrollment and favorable rates resulted in a \$57M favorable revenue compared to the budget. The 2023 forecast expects the MLR at 89.8%, compared to 89.5% in the budget. Gross margin is expected to increase by \$2M compared to budget.

In a review of the administrative forecast, Ms. Ba reminded the commissioners that in December 2022, the Board approved an administrative budget of \$94.2M, or 6.1% ALR for existing Medi-Cal operations only. It was understood that staff would return to the Board with an additional proposed Dual Eligible Special Needs Plan (D-SNP) budget upon completing an operational gap analysis (OGA). She noted that staff will ask for Board approval of an additional \$1.5M D-SNP budget to begin execution of the multi-year work plan between July and December 2023. This added to the \$840,000 approved earlier this year, will bring the total D-SNP budget to \$2.3M in 2023. Therefore, with a \$2.3M D-SNP budget combined with the \$94.2M approved Medi-Cal budget, the resulting total administrative budget will be \$96.5M.

Ms. Ba opened the floor for questions.

The commissioners inquired about the breakdown of medical expenses. It was suggested that a more detailed view of categories of service be included in future forecasts to provide increased visibility into Emergency Department utilization as well as other medical cost trends.

Commissioner Radner asked for further clarification related to the enrollment assumptions. Mr. Michael Schrader, Chief Executive Officer, explained that the enrollment assumptions consider an expected 22% decrease in enrollment, with an additional 1% anticipated to be lost to Kaiser in Santa Cruz County only. Additionally, a gain of 5.4% is expected with the expansion into San Benito and Mariposa counties, and an additional increase of 6.6% is expected for the expanded coverage population of adults aged 26 through 49, regardless of immigration status. The CEO advised that these factors combined result in a 10% decrease in enrollment, as shown in the forecast.

The commissioners expressed an interest in seeing a breakdown of enrollment information by county and asked for that to be made available for future meetings.

Commissioner Jiménez inquired about ECM and whether the full allotment is being spent or if there are savings. Ms. Ba clarified that DHCS has a 98% risk corridor requirement where the plan can only reimburse providers at a reasonable amount and return any revenue that is not spent. The Alliance can keep a marginal 2% of the revenue earned.

#### The Commission adjourned its meeting on June 28, 2023, at 2:15 p.m.

Respectfully submitted,

Ms. Dulcie San Paolo Finance Administrative Specialist

**SUBJECT:** Financial Highlights for the Sixth Month Ending June 30, 2023

For the month ending June 30, 2023, the Alliance reported an Operating Income of \$7.9M. The Year-to-Date (YTD) Operating Income is \$65.0M, with a Medical Loss Ratio (MLR) of 87.3% and an Administrative Loss Ratio (ALR) of 5.2%. The Net Income is \$74.0M after accounting for Non-Operating Income/Expenses.

The budget expected a \$62.0M Operating Income for YTD June. The actual result is favorable to budget by \$3.0M or 4.8%, driven primarily by membership favorability.

<u>Per Member Per Month.</u> Capitation revenue and medical expenses are variables based on enrollment fluctuations; therefore, the PMPM view offers more clarity than the total dollar amount. Conversely, administrative expenses do not usually correspond with enrollment and should be evaluated at the dollar amount.

At a PMPM level, YTD revenue is \$341.74, which is favorable to budget by \$23.98 or 7.5%. Medical cost PMPM is \$298.45, which is unfavorable by \$25.27 or 9.3%. The resulting operating income PMPM is \$25.49, which is favorable by \$0.32 compared to the budget due to the favorable admin spend.

Membership. June 2023 membership is favorable to budget by 5.4%. Please note that the 2023 budget assumed the Public Health Emergency (PHE) would end in January 2023, with membership beginning to decline in April 2023. The Health and Human Services Department announced that the PHE ended on May 11, 2023. The Department of Health Care Services (DHCS) states that the redetermination began in April 2023 for the June 2023 renewal month, with the actual enrollment loss expected to begin in July 2023.

Membership. Actual vs. Budget (based on actual enrollment trend for June-23 rolling 12 months)

Revenue. The 2023 revenue budget was based on the current (DHCS) 2022 draft rate package and included a 1.2% rate increase. Furthermore, the budget assumed breakeven for Enhanced Care Management (ECM) and Community Supports (CS), both were new programs in 2022. The prospective CY 2023 draft rates from DHCS (dated 12/8/2022, including Maternity) are favorable to the rates assumed in the CY 2023 budget by 0.7%.

June 2023 capitation revenue of \$144.4M is favorable to budget by \$15.7M or 12.2%, mainly attributed to higher enrollment of \$6.9M and rate variances of \$8.8M including \$1.6M of Behavioral Health Integration (BHI) Incentive Program.

The State Incentive Programs consist of the CalAim Incentive Payment Program (IPP) of \$10.9M and offsets the State Incentive Programs expense. These incentives are assumed to be budget neutral.

June 2023 YTD capitation revenue of \$839.9M is favorable to budget by \$59.6M or 7.6%. Of this amount, \$24.7M is from boosted enrollment, and \$34.8M is due to rate variance.

Note: Excludes Jun-23 YTD In-Home Supportive Services (IHSS) premiums revenue of \$2.2M and State Incentive Programs revenue of \$28.7M.

Medical Expenses. The 2023 budget assumed a 5% increase in utilization from 2019 and a 3% unit cost increase that included case mix and changes in fee schedules.

2023 incentives include a \$15M Care-Based Incentive (CBI), \$10M for the Hospital Quality Incentive Program (HQIP), and \$5M for the Specialist Care Incentive (SCI).

June 2023 Medical Expenses of \$139.6M are \$17.5M or 14.3% unfavorable to budget. June 2023 YTD Medical Expenses of \$760.5M are above budget by \$87.9M or 13.1%. Of this amount, \$64.4M is due to rate, and \$23.5M is due to higher enrollment.

Inpatient Services (Hospital) is unfavorable to budget YTD by \$30.6M or 12.1%. \$8.8M is attributed to enrollment and \$21.8M to increased IBNR and higher spending. We are seeing similar increases in spending occurring in Physician Services and Other Medical. Other Medical includes Allied Health, Lab, DME, Behavioral Health, and Transportation.

The State Incentive Programs of \$28.7M consist of \$6.2M for the SBHIP, \$11.7M for the HHIP, and \$10.9M for CalAim IPP. These are also included under Revenue and assumed to be budget neutral.

Note: Other Medical Actual includes Allied Health, Non-Claims HC Cost, Transportation, Behavioral Health, and Lab.

At a PMPM level, YTD Medical Expenses are \$298.45, unfavorable by \$25.27 or 9.3% compared to the budget. Unfavorable trends in Inpatient Services (Hospitals) are driven by increased Incurred but Not Reported (IBNR) levels, which are primarily due to prior year high dollar claims in the first few months of the year. These are not expected to continue for the remainder of the year. Allied Health, Behavioral Health, Transportation, and Lab drive Other Medical cost unfavourability of 14.3%.

Central California Alliance for Health Financial Highlights for the Sixth Month Ending June 30, 2023 August 23, 2023 Page 5 of 5

Administrative Expenses. June YTD Administrative Expenses are favorable to budget by \$2.4M or 5.1% with a 5.2% ALR. Salaries are slightly favorable by \$29K driven by savings from vacant positions and benefits which offsets PTO, temporary services, and the staff bonus accrual. Non-Salary Administrative Expenses are favorable by \$2.4M or 16.2% due to the timing of expenses versus the budget.

Non-Operating Revenue / Expenses. June YTD Total Non-Operating Revenue is favorable to budget by \$18.9M, attributed to \$8.8M in unrealized gain on investments and \$10.1M in interest income. Non-Operating Expenses are favorable by \$2.7M due to the timing of grant expenses, resulting in a favorable Net Non-Operating income of \$21.6M compared to the budget.

<u>Summary of Results.</u> Overall, the Alliance generated a YTD Net Income of \$74.0M, with an MLR of 87.3% and an ALR of 5.2%.
